

ROOSEVELT SIGNS BILL TO FINANCE AG DEPARTMENT

Washington, July 23. — (AP) — President Roosevelt signed an appropriation bill today providing \$805,000,000 for the agriculture department for the current fiscal year and authorizing sale of government-owned wheat for livestock feed and industrial uses at below parity prices.

Presidential approval climaxed a bitter congressional fight over government wheat sales and money for the farm security administration, the departmental agency charged with operation of programs designed to rehabilitate low income farm families.

During the fight, the house at first insisted on barring sales of wheat at prices below parity, or about \$1.35 a bushel. But under stern White House opposition, it finally gave way to a senate proposal allowing the sale of up to 125,000,000 bushels of surplus wheat at 85 per cent of corn parity, or about 83 cents a bushel. (Parity is a price estimated to give farmers the same relative purchasing power they enjoyed in a base period, usually 1909-14.)

Signing of the bill by Mr. Roosevelt cleared the way for movement of millions of bushels of this wheat from heavy producing areas into livestock feeding areas where it is needed to supplement corn and other feed-stuffs.

ACCUSED SOLDIERS GET PLEA CHANGE

James J. McAtee and William O. Owens, soldiers stationed at Camp White, charged with assault with intent to rob, were arraigned in justice court yesterday and given until this afternoon to enter pleas. Hugh McGinty of Jacksonville signed the complaint and alleges the pair, following a meeting in a beer parlor, slugged and robbed him of \$10 last Friday night.

The military authorities have turned the case over to the civil courts, the district attorney said. The soldiers have no counsel and it may be necessary for the court to appoint one for them. They were advised of their constitutional rights when they appeared yesterday.

If convicted in the civil courts they face dishonorable discharge from the army. They are in custody with bail fixed at \$2,500 each.
