

"VICTORY HOUSE" WILL SHOW HERE AUGUST 4 AND 5

A mobile "victory house" will visit Medford August 4 and 5 to assist in the local sale of war savings stamps and bonds, it was announced today by W. A. Gates, Jackson county chairman of the war savings staff. Two complete open air performances will be held each day on the stage of the unique mobile victory house with professional

entertainers augmenting talent from various parts of the Rogue River valley.
George Austin of the Standard Oil company was in Medford Monday conferring with Mr. Gates, assistant state administrator Glenn Jackson and members of the Jackson county war savings staff on details for the local showing of the mobile unit. The victory house tour is sponsored by the Standard Oil company at the request of the U. S. Treasury Department in Washington as one of the company's contributions to the current war financing effort.
Committees in charge of the local appearance of the Victory House will be announced this week by Chairman A. Gates.

SCHOOL ADDITION FOR SHADY COVE GIVEN APPROVAL

Seattle, July 24—(AP)—The Federal Works agency's regional office here today announced presidential approval of two maintenance and operation projects for public schools in war-congested areas in Oregon. They were:

Skyline district No. 9, Multnomah county, near Portland.
Shady Cove district No. 89, Jackson county, near Medford.

County School Superintendent C. R. Bowman explained today the maintenance and operation project approved for the Shady Cove district involved an addition to the schoolhouse, to take care of the increased attendance caused by the influx of cantonment workers into the community.

According to the recommendation made to the F. W. A. by the Federal Department of Education, which must approve all such project requests, the project calls for the addition of two rooms to the schoolhouse, located

TWO FIRE SETTERS NABBED RECENTLY

L. H. Morris, state inspector for the state board of forestry announced yesterday that two arrests had been made recently for violation of forestry laws. One violator is being held in Grants Pass for immigration authorities and the other received sentence in the justice court at Grants Pass.

Nicholas Theodore Settler, who is awaiting arrival of immigration authorities, was arrested July 8 for setting a fire on Ingram Logging company property. Settler, reported to be an enemy alien, was born in Mesalin, Serbia. The fire was set on Grave Creek on the line between Jackson and Josephine counties and was extinguished before real damage could be done. Settler was arrested by state police and Morris.

Harold Brevold was fined \$150 in the justice court in Grants Pass recently for setting a fire on his property at Cave Junction during closed season.

EDUCATION BOARD TO MEET NEXT TUESDAY

Eugene, July 24—(AP)—Chancellor Frederick M. Hunter of the state system of higher education, announced today that the next regular meeting of the state board will be held in Portland Tuesday, July 28.
Proposals for the phase of war damage insurance on state system properties will be discussed.

KENT BOUND OVER ON DOG SHOOTING

Cedric Kent of the Applegate, involved with Powers brothers, Ashley and Richard, in a recent neighborhood row with Herman Klein and wife, charged with malicious and wanton injury to personal property, when arraigned in justice court yesterday, waived preliminary hearing and was ordered held to await grand jury action under \$500 bonds. Kent is the hired man of the Powers.

The complaint charges that during the course of the row, Kent shot a shepherd dog belonging to the Kleins, and it has since not appeared at home. Kent claimed Klein ordered the dog to bite him, before he unlimbered his .22 rifle.

In a hearing on a disorderly conduct charge early this week, Kent and the Powers brothers were granted 60 days suspended sentences, pending settlement of their controversy with the Kleins in a circuit court suit involving pasture and hay.

NAVY COMMITTEE FOR PROFIT LIMIT

Washington, July 24—(AP)—Laws to curb the profiteering fringe of war contractors were demanded today as the result of a year-long investigation by the navy committee.

In a summation of its inquiry the committee said that 95 per cent of contractors were doing a honest job but "the other five per cent appear to be taking advantage of the war situation."

For that group, the report suggested action to limit profits. It added, however, that "whether this ideal should be achieved through a direct limitation law, excess profits taxes, or some other means should be carefully considered by the proper committees of congress."

Power of Love

To the editor: To an intelligent person like yourself the enclosed rhyme will need no explanation. Through your paper it will reach those who feel so helpless at a time like this, and give them renewed hope and courage to use the strongest weapon God gives to man—the Power of Love.

This is entirely a non-denominational, non-sectarian help for the good of all people—a simple, sincere belief that love is stronger than hate. Therefore by broadcasting (figuratively) great waves of love from millions of people in our country to the millions of oppressed in other countries, the power of our love can assist tremendously in overcoming the hate and treachery of the enemy.

We are using this idea by states and counties in the hope of reaching everyone, and we welcome inquiries and comments from you and the people of your country. We shall be glad to send you more detail and copy in time to time.
"Waves of love sent thru light (LITE) from above may save many lives of those we love!"

Tune In With Love
There's a new broadcasting station which is called LITE. It is not controlled by a syndicate so it's facilities are free.

It gives out no entertainment no advertising hula-ba-loo. It carries only one kind of message and that message always goes thru!

To those not in active service Station LITE would appeal. Enlist the help of your hearts and minds—that service would be very real.

You the home people, the older folks, the ill who want to help and to do, Tune in to Station LITE and become a part of its crew.

Station LITE pays no wages and asks no fees in kind. It operates entirely on the power of love with no contracts to break or bind.

If you'd like to join in these broadcasts tune in to LITE today. Your love can help oppressed nations—send it out without delay!
