

NEIGHBOR TOWNS TAKING SHARE IN USO ACTIVITIES

United Service Organization program is spreading outside the USO center as evidenced by the many events scheduled on the program in other vicinities. Grants Pass, Central Point and Ashland residents, as well as Medford residents, service clubs and churches are cooperating in a recreational program for soldiers stationed at Camp White.

Among last week's outside programs were a skating party at the Medford Ice arena attended by 200 soldiers and junior hostesses. This probably

will become a weekly feature of the USO schedule. Tuesday evening the young people of Sacred Heart church entertained with an informal dance.

Mrs. Earl Moore's lawn was scene of an outdoor movie Wednesday evening with the showing of "Private Dobbie." South American Folk Festival was also given, the picture brought from South America by Mrs. Penny Fontaine and was shown by Hal's Camera shop. Wednesday evening the weekly USO army special dance was held at Lincoln school gymnasium. Senior hostesses present were Zoe Byington, Mrs. H. L. Brown and Mrs. J. J. Wilkinson. Music was furnished by W. Gillette's orchestra. Thursday evening through the courtesy of the Knights of Pythias a Russian evening was held in the K. of P. hall. USO meetings are also scheduled in the Girls' Community clubhouses and the First Christian church is the scene of the USO chorus rehearsal for colored soldiers with Mrs. Elsie Jensen in charge.

Local clubs or residents wishing to schedule weekly events for soldiers may telephone USO headquarters. The calendar of events is published at the center each Friday, and events must be listed by Friday noon it was announced Saturday.

**We, Too,
Have A
STEADY Job**

WITH business-as-usual out the window and the whole world in the tremendous uproar of war, it may seem a strange time to talk about stability. Yet there was never a day when the term "steadfast" was so comforting or the slogan "steady does it" meant so much to so many.

A recent check shows that 59 per cent of our people have had steady jobs with Standard for above 10 years. No such proportion of employees would stay with any company from one to four decades if the employees themselves did not recognize stability—from the inside.

And they have reason for deciding that this Company is a good one to tie to. Not only are its policies those of any steady-going citizen who hopes to hold up his head in his community for a long time to come, but another essential consideration is that Standard itself has a steady job.

Once it was to furnish kerosene for light. Later it was to expand with the growing automobile. Now it's to power trucks and tanks and planes. Tomorrow it will be all of these... and doubtless something more. We'll have an essential task to perform. And stability has always been sure for those who perform an essential task well.

"Whereas Lana Turner, recently chosen 'Favorite Femme' of the Camp White personnel, has chosen to swap single blessedness for marital bliss—

"We, the personnel of Camp White, do here and now rescind our designation of Miss Turner as the camp's 'Favorite Femme' and vote to confer said honors upon another glamour girl—sans husband—who can devote her full time to a multiple boy friend unit—instead of one. So be it voted."
