

F. R. UNINFORMED ON STRIKES, HE TELLS NEWSMEN

Asks Location of Reported
Wild Cat Walkouts—Has
Not Seen WLB Statement.

Washington, Aug. 12.—(P)—President Roosevelt wanted more facts and figures today before he would comment on press conference questions which referred to "wildcat" strikes in war industries, to lagging war production, and to possible remedial action.

The president said he had not even heard that a west coast conference on stabilization of wages in aircraft plants had blown up, with the understanding that it would convene this month in Washington. A reporter told him the conference had failed to meet here because the administration had failed to establish a wage policy.

Promises Inquiry
"What would you think of a union steward in a war plant?", a reporter inquired, "who deliberately told a man to produce less than a fair day's work?"

Who did that, the president wanted to know. After he was told it had happened in Flint and Muskegon, Mich., he suggested that his questioner dig up the facts and names and he would look into the matter.

Another newsman wanted to know his opinion of "various wildcat strikes occurring almost daily," although they are opposed by international officers of unions.

Where? The president countered.

"Well, there was one yesterday in a Pittsburgh steel mill," Mr. Roosevelt told.

When the president inquired the name of the mill, the reporter said he thought it was a unit of Carnegie-Illinois.

Make a note of that, the president directed his press secretary, Stephen Early. That, too, will be looked up, he added.

"Seriously," his interrogator remarked, "there are a large number of wildcat strikes. Haven't they come to your attention?"

Heard of Few
He had heard of a few, the president replied, but he said he thought a few more facts were needed. Mr. Roosevelt said at that point that from reading some newspapers, about six months ago, the impression would have prevailed at the time that 75 per cent of munitions plants, were on strike whereas, he said, actually only 1 1/2 per cent, or perhaps it was one half of one per cent, were on strike.

"Have you seen a war labor board statement that laws of treason might have to be resorted to in the situation?" was the next question.

King, Queen of Swimming

Billy Smith, Jr., of Hawaii, who took three titles and set two world's records in the Men's A. A. U. outdoor national swimming championships at New London, Conn., got congratulations from Gloria Callan, holder of 30 backstroke records.

on his own part as were put to him, Mr. Roosevelt wanted to know when the statement came out. After he was informed it was two weeks ago, he asked that a copy be obtained for him and a reporter promised to supply it.

To a question whether there was anything he could say on a possible shut down of 1,000 war plants because of material shortages, Mr. Roosevelt replied he would have to ask the army, navy, and war production chairman Donald M. Nelson before he could authenticate the report.

Second Party Held for Negro Troops at Carpenter Home

The second and final party for colored troops at Camp White, sponsored by the Jackson county Recreation committee in cooperation with the USO, was given at the "Topsides" home of Mr. and Mrs. A. S. V. Carpenter yesterday evening.

With Harris Jones acting as master of ceremonies, the party program included community singing directed by Mrs. LeRoy Jensen, with Miss Dorothy Wilder at the piano; vocal numbers by Mrs. Royal Bebb, accompanied by Roger Wolfe, and by Philip Henselman, who accompanied himself at the piano; a game which brought prizes contributed by Fluhrer's bakery; a mock track meet directed by Miss Verlinda Silva of the USO and an amateur contest with prizes for the winners.

Refreshments for the enjoyable party were furnished by Snider's dairy, the Medford hotel and Franklin's cafe.

Hotel Installs Luggage Lockers

Public lockers for the safe-keeping of parcels and luggage have been installed at the Jackson hotel to complete the extensive remodeling program, according to Cedric Reaney, manager.

The lockers are located in a convenient place where they may be used by local people or travelers.

The Greyhound stage depot, located in the hotel, has been completely remodeled to improve travel service.

"PEN CLUB" GIRLS SHOULDN'T EXPECT SOLDIER ANSWERS

Girls who brighten soldiers' days with mail should expect none in return unless they are personally acquainted with their soldier correspondents, it was announced today from the headquarters of Colonel Owen P. Meredith, commanding officer, Camp White.

This rule is dictated by the fact that soldiers' mail inevitably contains military information. "Correspondence" or "Pen Clubs" make it possible for improper persons to assemble such information.

Reiterations of the ban on promiscuous correspondence by 9th Service Command, followed publicity on the formation of clubs whose members were pledged to write to soldiers, one of which urged its members to obtain lists of soldiers names from newspapers. While the good will of particular organizations was not questioned, it was suggested that members limit their correspondence to members of the armed forces who are relatives and friends.

That Extra Something!

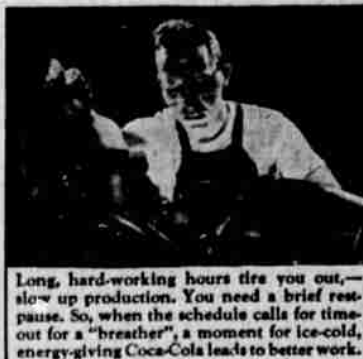

...You can
spot it every time

SKILLED workers have "know-how". So have the makers of Coca-Cola. That's why Coca-Cola has that extra something. Almost anybody can make a soft drink, but nobody else can make Coca-Cola.

There's a finished art in its making which gives Coca-Cola a special quality... its unique taste comes from a blend of pure, wholesome essences,—refreshment that can't be copied.

No other drink gives this special plus... this unique taste and after-sense of refreshment. People have come to realize that nothing takes the place of Coca-Cola. To want refreshment is to think of ice-cold Coca-Cola. Contentment comes when you connect with a Coke.

Warlike limits the supply of Coca-Cola. Those times when you cannot get it, remember Coca-Cola, being first choice, is the first to go. Ask for it each time. No matter how short the supply, the quality of Coca-Cola will not be changed in any respect.

Long, hard-working hours tire you out,—slow up production. You need a brief respite. So, when the schedule calls for time-out for a "breather", a moment for ice-cold, energy-giving Coca-Cola leads to better work.

The best is always the better buy!
