## NURSERY SCHOOL TO OPEN MONDAY

Medford Nursery School Council met Monday and elected the following officers: R. W. Coleman, chairman; Mrs. Leonard Mayfield secretary, and Mrs. J. K. Hoey, treasurer. Plans are being made to open the school next Monday for fruit workers' children.

The council will meet again Thursday and it will be helpful in making their arrangements to know more definitely what hours mothers will have to go to work and how late they will be working. It is also important to register for the school at an early date since it is expected that there will be many more requests than the school can accommodate.

Those interested should call Mrs. Carpenter's office, 2907, for tentative enrollment. Fees for the school will be established at next meeting of the council and all those registered will receive full information within a few days.

All mothers who are working, defense workers, and service men are eligible to enroll their children 2, 3 and 4 years of age in the school.

## NEW SYSTEM FOR LISTING LODGINGS

Lieutenant John D. Hare of the 91st Infantry division, stationed in the Jackson county Chamber of Commerce to aid wives and families of military personnel in locating living accommodations, said today a new system had been installed designed to simplify the placing of those seeking quarters.

Apartment, rooms and houses available for rent are card indexed, and immediately upon a unit being rented the card is

removed from the file. He also explained that addresses of available housing units were now being given to only a few at a time of those seeking accommodations, thus eliminating to a great extent a "rush" of applicants to any single available accommodation.

Lieutenant Hare requested that anybody having rooms, houses or apartments to rent to list them at the chamber office.
