

WELDING CLASSES
HAVE VACANCIES
FOR MEN, WOMEN

Vacancies are available in the men's and women's welding classes being conducted daily at the high school as many of the students leave to take up employment in the shipyards on the Pacific coast. Classes are held on a 24-hour schedule and allow persons to continue in their regular positions and take the welding classes during their spare hours.

E. H. Hedrick, city school superintendent, who is in charge of the defense classes in Medford, said that many are leaving Medford before they complete the required course and accept employment while others complete the prescribed number of hours before leaving Medford.

Vacancies in the classes follow: 3-6 a. m., four vacancies; 6:15-9:30 a. m. six; 2:30-5:45 p. m. six; 6-9 p. m., five, and 9-12 p. m. six vacancies. Class capacity is 75 students who give three hours daily to the instruction. Mrs. Hedrick stated, will have completed their instruction by the close of the fruit season, allowing them to accept welding positions in shipyards.

BAGLEY INFANT
SMOTHERS IN BED

Patricia Ann Bagley, infant daughter of Mr. and Mrs. Donald Bagley, 625 S. Holly street, smothered to death in the bed clothing of her crib at the family home Wednesday afternoon.

Patricia Ann was born in Medford on May 17, 1942.

Besides her parents, she leaves her sister, Susan Joan, and her grandparents, Mr. and Mrs. F. J. Burns of Salem, Oregon, and Mrs. Harriett Bagley of Portland, Oregon.

Funeral services will be held in Portland Saturday at 2 p. m. at the A. J. Rose funeral home. The funeral home is in charge of the local arrangements.

Wall St. Report

New York, Sept. 24—(UP)—Trading in stocks expanded today to around the heaviest volume of the year, and prices pushed forward aggressively to the best general level since Feb. 16.

With the pivotal shares assuming leadership of the market, a rather broad forward movement developed and lifted the entire list to new tops for the current movement developed and lifted the entire list to new tops for the current recovery. Numerous issues, including a sizeable number of rails and rubbers, established new 1942 highs.
