

The Time for Talk is Done!

CITIZENS OF JACKSON COUNTY!

The United States Army now wants your metal scrap. Verbal patriotism is not enough. The nation's steel mills **MUST** have scrap. They haven't enough on hand for even thirty days more. When this is gone they may have to shut down—for all new steel is 50% scrap.

Camp White army officials are cooperating in the scrap drive. You get it. Starting today the army will collect it. Remember. The time for talk is done!

WHOSE BOY WILL
DIE BECAUSE YOU
FAILED?

THINK about it as revenge — a way to get back at the scum who have attacked us. Or think about it as a little more protection for our fighting men — something you, yourself, can do to bring as many as possible home alive.

But think about it — for the scrap in homes, farms and factories has got to be moving to stock piles within the next few weeks or it may be too late!

Maybe you don't know what it means to have production fall off. Maybe you can't imagine how it feels to be hunkered down in a foxhole wishing for just one more clip of cartridges. Or to see the enemy rolling through your lines because you didn't have just a few

more tanks.

Or maybe you don't care!

We think you do. We feel that our whole community is ready to rise up and bring in the scrap as soon as you get a chance. So you're going to get that chance! Today we're starting the biggest drive you've ever seen, to get in this precious material. And you're going to pitch in, too, because this situation is serious.

Start looking around your place for scrap today. If you've got a son in the service, do it for *him*. Do it for the neighbor's boy — for those fine young chaps you just passed, out on the street.

Above all do it for your country, . . . and do it now!
