He enlisted in the navy last April and except for the preliminary training at San Diego Naval Station he has spent the last eight months on the Boise, which gave such a good account of herself in the Solomons battle of October 11-12. There the "one-ship fleet," as she was called, was largely responsible for sinking six Jap warships in a single engagement off Guadalcanal. Bill Willits was born in Medford, son of the late Amos R. YULE MAIL FLOOD FOR 91ST DIVISION

Officers and men of the 91st Infantry Division at Camp White apparently were treated OK by Santa Claus, in view of the tremendous volume of Christmas parcels handled by the 91st post office.

In a 10-day period prior to Dec. 25, more than 2,400 sacks carrying an estimated 40,000 parcels—more than two packages for every man in the division—were handled at the division postoffice. If this mail had been received at one time, it would have filled three boxcars. In one day alone 314 sacks were received.

The 91st Division postoffice is under the supervision of Lt. Robert H. Hunter and all personnel in the office are members of the division.

FOREST SERVICE RECEIVES ORDER FOR LONG HOURS

Orders to step up working hours from 44 to 48 hours a week have been received by headquarters of the Rogue River national forest in Medford. It was stated today. This will result in the local offices being open from 8 until 5 p. m. every day, including Saturday. Usually the offices have observed the popular Saturday noon closing time.

Notice of the change was received last Saturday by wire, with orders that it was to be effective that day.

As yet no word of the change has been sent to offices of the Crater Lake National park service in Medford, according to E. P. Leavitt, superintendent. Mr. Leavitt pointed out that the work of the forest service is very closely identified with the war effort and that this is not true of the work of the park service. He added that the park service had added an hour to the working week last summer and that the service was operating with a greatly curtailed staff due to the war, with a permanent personnel of only eight at present as compared to the usual 25 persons.

Wall St. Report

New York, Dec. 30. —(U.P.)—Stocks developed rallying tendencies today after early irregularity and volume again ran around the million share mark.
