

ASHLAND YOUTHS HURT IN PLUNGE OFF HIGH DRIVE

Ashland, Sept. 16.—(Spl.)—One Ashland youth is confined in the Community hospital and two others have been haled into city court as participants in what police described as a rather wild celebration which resulted in an automobile accident about 2:15 a. m. Wednesday. Police reported the accident occurred after the trio, Chester Reid, 19, driver of the car, and Paul Brady, 17, and Arthur Decker,

19, passengers, had returned from Medford where they "had a few drinks," according to their story.

Reid failed to negotiate one of the high drive curves and the car plunged down the bank about 300 feet. Brady was pinned under the car, and a wrecker had to be called to remove the wreckage before he could be extricated. He was taken to the hospital, and police report he suffered leg injuries and possible other injuries. The other two occupants were thrown clear of the car and received only minor injuries. They were arrested and lodged in jail.

Decker was fined \$17.50 in city court yesterday on the charge of being drunk and involved in the accident. Reid, arrested on charge of reckless driving and being involved in the accident, was held for a

later hearing. He was also involved in violation of the gasoline ration regulations. Brady was fined \$27.50 and his drivers' license was suspended for six months on a charge of violation of the curfew law and drinking liquor against parole orders of City Judge C. O. Presnall. He was involved with police last week in connection with contributing to the delinquency of a 15-year-old girl. He will face further charges for his part in the accident upon his release from the hospital.

TOMORROW IS "SALERNO DAY!"

Buy Invasion Bonds in Tribute to the Heroes of Salerno!

Young American Heroes are battling desperately to hold the Salerno bridgehead—fighting gallantly to smash the Nazi hold on Italy and speed the day of victory!

Friday has been set aside by Governor Snell as "Back Salerno Day"—a day in honor of men who are giving all they've got for US. Unless they get the tanks, the planes and the guns to win they will be swept back into the sea—and America is determined that they shall not. YOUR money—every penny you can spare—must be invested NOW in INVASION BONDS to back these Salerno heroes and the fighting men on other world fronts. It's up to YOU—will you come through?

YOU'RE ON THE INVASION FRONT NOW!!

It's that extra \$100 War Bond, all of them together, making up the \$15 billion worth they're asking you to buy in September, that will prove that you are on the INVASION front with him.

Your part is at least one extra \$100 Bond during the Drive—at least \$100. Of course, that's in addition to your regular bond buying. A \$100 Bond is the rock bottom figure. Some of you will have to invest thousands to put this Drive across. Take it out of your pay check—or out of that nest egg you were saving for a rainy day.

All you can spare is too little, all you've got is just going to be enough.

Look at it this way: You won't be giving anything. You will be investing in VICTORY—and your future.

Things like safety for your family and money after the war to buy a new home, or to educate your children.

You're buying a stake in VICTORY—and that means America, yours and mine!

I guess that's all I've got time to tell you now. The enemy is waiting, just over the hill. Don't keep us waiting for you!
