

LOCAL and PERSONAL

To Appear—Charged by state police with driving a vehicle without an operator's permit. Herman L. Tuttle, 33, of Medford will appear in justice of the peace court this afternoon.

Minor Accident—On file today was a report of a minor accident on North Central avenue near Sixth street Thursday morning involving cars operated by James W. Berry of Central Point and W. C. Fisher of Grants Pass.

Fined \$15—George R. Cavin, 48, of 520 South Fir street, charged with drunkenness, was fined \$15 in city police court this morning. An additional 10-day jail sentence was suspended pending his good behavior. Police said Cavin locked his sick wife out of their home.

Group To Meet—Plans are being made this week for the October meeting of the Camp White Medical Department Officers' Wives group. The meeting will be a luncheon and card party Tuesday, October 5, at the home of Mrs. F. T. Chamberlin, 1114 S. Oakdale Ave., at 12:30 p. m.

Buy Steer—Several Ashland Elks attended the 4-H club auction at the fairgrounds yesterday, buying a steer for the lodge. The animal, raised by Bernard Engle of Bellevue, brought 31 cents a pound on the hoof. Included in the group were Harold Merrill, Ben Balis, S. S. Mitchell, Earl Newberry, H. H. Gillette, J. F. Engle, and Bob Van Fleet.

At University—Cadet Robert K. Stead is now at Indiana University where he is studying engineering under the army's college training program. Cadet Stead has previously been stationed at Camp Haan, Cal. The young man graduated from Medford senior high in 1942, having been a member of the football team, and was a student at Oregon State college when inducted into the army.

Furlough Finished—Fred H. Wilcox, electrician's mate, third class in the U. S. navy, left yesterday for a new assignment at a destroyer base in San Diego, Calif., after spending a week's furlough with his parents, Mr. and Mrs. R. H. Wilcox of Route 1, Wilcox, who graduated from a navy electrician's school at Ames, Iowa, just recently completed a course at a gyrocompass school in San Diego. He is a Phoenix high graduate and attended Southern Oregon College of Education in Ashland, and joined the navy last November. Here with Wilcox was a friend, John Waitkus, of Gary, Ind., also an electrician's mate, third class who has been assigned to the destroyer base at San Diego.

CALENDAR

Friday
8:30 p. m.—Canton Siskiyou No. 16 and auxiliary, supper. Visitor, state president. Initiation.

At Farragut—Robert Jay Peterson, son of Mrs. Mary Conrad of Medford has reported for training at the naval training station at Farragut, Ida., according to a press release from the station. During his stay here, he will learn the fundamentals of seamanship and undergo physical training. On completion of the course, he will be assigned to a navy service school for specialized training, or will report to the fleet for action at sea.

Daughter Born—Word has been received here of the birth of a second daughter to Mr. and Mrs. Fred Colvig, in San Francisco September 29. Mrs. Colvig, the former Honey Reddy, is making her home there. Mr. Colvig, editor of the Sunday Oregonian prior to his joining the U. S. navy, is stationed at Quonset Point, R. I., attending a naval officers' training school. Both Mr. and Mrs. Colvig were born and raised in Medford and have many friends here.

BIG RANCH BARN BURNS IN NIGHT

A large barn on the Jimmy Sutherland property, located three-quarters of a mile beyond the Big Y on the new Camp White highway, burned about 1 a. m. today, completely destroying the building and about four or five tons of hay stored in it. Neighbors and friends turned out to help the pumper crew from the State Forest patrol fight the blaze which threatened for a time to spread to other nearby ranch buildings. Damage was unestimated today, but the loss was said to be partly covered by insurance.

An auction to dispose of Mr. Sutherland's cattle, previously scheduled for this afternoon, was to be held as planned. All livestock escaped from the barn without injury. Small fires started in nearby patches of grass, but quick action of the fire fighters saved the house and milk house from damage. The fire was first discovered by two soldiers who aroused Mr. Sutherland. Since the barn was located outside the city limits of Medford, the local fire department did not dispatch equipment to the blaze.

CAMP AUXILIARY RED CROSS UNIT SEWS WRAPPERS

Camp White Army Auxiliary Red Cross Sewing Unit completed work last Wednesday on most essential and important equipment for the 104th Evacuation hospital, now on maneuvers, as part of their regular production hospital needs. At the request of Major Orley Plummer, chief of surgery of the Fourth corps tactical hospital, the work was undertaken with 2nd Lt. May A. Buelow, A.N.C., instructing. Sgt. Lenke designed the instrument cases.

Mrs. Horace B. Buchan, sub-chairman in charge of sewing, reported that more than 75 army wives have contributed 1,017 hours to the project and have completed 1,145 articles, including wrappers for surgical instruments and equipment and large surgical instrument cases. The work was carried on during August and September under the direction of Mrs. Park B. Herriek, chairman of the unit. On Wednesday Mrs. John W. Horsley was appointed chairman, replacing Mrs. Herriek who accompanied her husband, Lt. Col. Herriek, to their new station.

Mrs. Horsley announces that the next assignment of this army group will be the making of 100 or more kit bags in October for overseas use. Mrs. Orin Schenck, Jackson county production chairman, will direct the work.

The sewing group meets regularly on Wednesdays, from 10 a. m. to 3 p. m. in the basement of the Medford hotel. All army wives interested in Red Cross production are invited to come and bring their sandwiches. Coffee is served.

SEWAGE CLEANING ADVICE OFFERED

The county health department through Walter I. Sutherland, sanitarian, reported it had come to their attention school boards, individuals and others of Jackson county have been approached by persons seeking to contract for removal of sludge from septic tanks and other sewage receptacles.

Where such work is needed, it is urged that the department be consulted before authorizing any cleaning or before paying for it, let the department inspect it. There is no charge to school districts or individuals for the services of the sanitarian.

The health department reports excessive charges for such cleaning have been made in some instances.

It is further stated by the department that many times those engaged do not live in the county, leave after performing the work and it is difficult to hold them responsible.

HOUSING BOOSTS BUILDING PERMITS

Value of building permits issued by the city inspector's office last month totaled \$97,965, the largest September on record. Figure for the same period last year was \$26,658.

The all-time September high was recorded by virtue of the Housing Investment company obtaining permits to construct 30 \$3,000 defense housing units.

Of the remainder of the 54 permits issued, 16 were for residential repairs costing \$4,250, four were for new garages costing \$640, one was for the remodeling of a church costing \$2,500 and three were for repairs to business firms costing \$575.

First October permit was issued to Mrs. Gertrude Moffet, 604 Newtown street, to reroof a residence at a stated cost of \$100.

Every Flying Fortress that bombed harbor installations at Naples from its base in North Africa required 1,110 gallons of gasoline for each single mission.

PUBLIC INVITED TO SEE PRESBYTERIAN MOVIES

"Gateway to the Americas," a sound motion picture in technical color, will be shown at the First Presbyterian church, Eighth and Holly streets, Sunday, October 3, at 8 p. m. The public is invited to see the film, which is reported to be interesting and educational.

Preceding the motion picture members of the Senior Young People's society of the church will entertain members of the intermediate group at the church parlors between 7 and 8 p. m. Refreshments will be served. Miss Florence Erbs is president of the senior group.

Florida led the nation in grapefruit production in 1938, supplying 23,000,000 boxes while Texas supplied 15,670,000; Arizona, 2,700,000, and California, 1,744,000.
