U. S. CASUALTIES 6,774 IN ITALY

Washington, Oct. 21.—(U.P.)—American elements of the Fifth army in Italy suffered 6,774 casualties up to the start of the battle of the Volturno, secretary of War Henry L. Stimson announced today.

These casualties included 879 killed, 3,047 wounded and 2,848 missing.

Stimson called attention to the fact the figure for wounded was lower than the figure of 5,428 wounded which he had reported at his press conference October 7. Subsequent reports from Allied headquarters in North Africa had corrected the earlier figure, he said. He warned that casualty reports on current operations were only approximate.

John L. Lewis Ill; Unable to Attend

Washington, Oct. 21—(U.P.)—John L. Lewis, president of the United Mine Workers of America, was said by a colleague to be seriously ill today.

Lewis had been scheduled to be present at a War Labor board hearing. UMW Secretary-treasurer Thomas Kennedy, however, told the board that Lewis was "seriously ill" and would be unable to attend.

"It is evidently a case of the flu bordering on bronchial pneumonia," Kennedy said.

JUGOSLAV NAVY SINKS TWO SHIPS CAPTURES THIRD

By Henry Gorrell
United Press Staff Correspondent

Aboard a Destroyer on Patrol in the Adriatic, Oct. 18.—(U.P.)—The Jugoslavian partisans, who have been harassing the Germans by land for months, have carried their war out to sea and in the last week their small navy claims to have sunk two ships and captured another loaded with food.

Out on patrol with an allied destroyer squadron, I succeeded in making contact with the partisan navy and boarded one of their vessels for a talk with the commander. He and his officers spread maps on mess tables in their small boat and explained their strategy. They seemed particularly proud of the fact that they had captured the cargo of food.

The German occupation forces in Albania must be getting pinched for supplies, for in the last few days allied naval vessels virtually have swept German shipping off the Adriatic. The destroyer squadron which I am accompanying has sunk one freighter with a torpedo, and captured another freighter and a tanker.

The food ship which the partisan navy captured was a 1,500-ton vessel.

140,000 WAR PRISONERS NOW IN UNITED STATES

Washington, Oct. 21—(U.P.)—More than 140,000 prisoners of war are in the United States, Secretary of War Henry L. Stimson revealed today.

He said the ratio of Germans to Italians was approximately three to one, indicating that 100,000 German prisoners are in this country.

They are held in 56 permanent camps and many temporary camps.

LABOR SPOKESMEN HIT LITTLE STEEL FORMULA

Washington, Oct. 21—(U.P.)—Spokesmen for organized labor in a two-hour conference this afternoon with President Roosevelt made a new attack on the "little steel" wage limitation formula. Mr. Roosevelt promised that an investigation would be made into cost of living figures compiled by the department of labor.

Rifle Attachment Adds Distance

An ordinary U. S. Army rifle becomes an efficient means of hurling high-powered grenades by adding this launcher-adaptor to the business end of a rifle. This device enables soldier to attack terrain between the distance he can throw the grenade by hand and the greater range of mortar. It can be used well against pillboxes.

COUNT AT PARTY BEFORE MURDER

Nassau, Bahamas, Oct. 21—(U.P.) — The youthful brunette wife of an RAF army captain, Mrs. Dorothy Clark, testified in supreme court today that she attended a sumptuous dinner party at the Victoria avenue home of Count Alfred De Marigny on the night that fabulously wealthy Sir Harry Oakes was murdered.

The party broke up after midnight, shortly before the time set by a physician as the hour that Oakes was beaten and burned to death, she said.

The pretty young witness said she bid the playboy count, accused of Oakes' murder, good night at 1:20 a. m. The testimony of the doctor had set the murder hour at between 1:30 a. m., and 3:30 a. m.

There were 11 guests at the dinner party, Mrs. Clark said.

YANKEE SUBMARINES IN ALL JAPAN SEAS

Pearl Harbor, T. H., Oct. 21—(U.P.)—American submarines now are penetrating to "every nook and corner" of Japanese-controlled seas, according to Vice Admiral Charles A. Lockwood, Jr., commander of the Pacific fleet submarine force.

"Our submarines . . . have attacked and sunk ships of all types under the very noses of Japanese aviators, destroyers, and anti-submarine forces and when some of those same destroyers got over-obnoxious, they paid with their lives the price of inquisitiveness," he said at a decoration ceremony for four submarine commanders yesterday.
