

SPANGLER JIBES AT BUREAUCRATS

Portland, Ore., Oct. 22.—(U.P.) Harrison E. Spangler, chairman of the republican national committee, did not stay long in Portland yesterday but he did take time to drop this optimistic jibe:

"We're going to have two home-front problems to solve after the war. One will be to find jobs for returning service men and the other will be to find jobs for 3,000,000 bureaucrats."

Auto Infractions Draw Court Fines

Maxine Helen Dallaire of this city, charged with having no operator's license, was fined \$1.50 and costs in justice court yesterday. Lester F. Payne, Gold Hill, was assessed \$1.50 and costs for having no vehicle license. William F. McDonald, Rt. 3, was fined \$16.50 for an overload on a truck.

THE OLD JUDGE SAYS... "You were absolutely correct in making the statement you did, George...not a drop of whiskey has been distilled in this country in over a year." "That's what I told the boys down at the lodge, Judge, but they were so surprised I thought maybe I was wrong." "No you weren't, George. The truth of the matter is that a year before Pearl Harbor, the beverage distilling industry voluntarily offered its facilities to the government. Many companies started to produce alcohol for war purposes almost immediately. And just as soon as the government's requirements increased, the distilling facilities of the entire industry were converted 100% to the production of war-alcohol and nothing else. As a matter of fact, the beverage distilling industry is producing about half of the government's needs for this vital war material. And that's a 24 hour a day, 7 day a week job, George." "I'm glad I told you about my talk with Sam, Judge. You've given me a lot more facts on that subject."
