## SCENT OF ROSES BLOWS STRONGER FOR TROJAN HERD

### Victory Over California Next Saturday Will Clinch Southern Division Title.

San Francisco, Oct. 25.—(UP)—A bowl of roses appeared in the office today for the University of Southern California Trojans after their 6-0 win over Amos Alonzo Stagg's valiant College of the Pacific Tigers Saturday before a record western crowd of 65,000.

Victory over University of California next Saturday in a return engagement at Los Angeles would clinch the Pacific Coast conference southern division championship for Coach Jeff Cravath's unscored-on thundering herd.

#### Huskies Limited

The only other undefeated team on the coast, the University of Washington Huskies, kept alive its bowl hopes by whipping the previously unbeaten Fourth Air Force Flyers from March Field, Cal., 27-7 at Seattle Saturday. The Huskies have no other major games scheduled, however, and cannot challenge USC for the conference crown because of a 48-hour ruling limiting travel of navy and marine cadets.

Only if the Trojans should come a cropper in one of their remaining four games with California, San Diego naval training station, March Field and UCLA would Washington seem to have a chance for the bowl bid. The Huskies could play at Pasadena since their trainee players will have year-end holiday leave.

In other week-end games, Del Monte pre-flight coasted to a 34-0 win over University of San Francisco; Alameda Coast Guard sunk Pleasanton Navy 48-8; Whitman turned the tables on Willamette in a return engagement to win 12-7; San Diego navy outclassed Compton Junior College 35-0; University of Oregon's army unit whipped the 104th Cavalry from Marchfield, Ore., 33-12; and the University of Nevada-Reno Army Air Base combine tied Salt Lake Army Air Base 0-0.

## ANGOTT, WHITE IN FISTIC SPOTLIGHT

New York, Oct. 25.—(UP)—Lightweight activities feature this week's fistic schedule, with most attention focused on Los Angeles Wednesday night as Sammy Angott and Sluggo White battle 15 rounds to determine which shall occupy the National Boxing association's vacant throne.

Bob Montgomery, Philadelphia negro who is recognized as champion by New York and affiliated states, resumes action tonight—after several weeks lay-off—in a 10-round "tune-up" bout with Peter Scalzo of New York at Philadelphia. Montgomery makes his first "title" defense Nov. 19 against Beau Jack at New York.

### PONTOON BRIDGES

Every bridge in occupied Europe has been mined by Hitler's corps of destruction, ready for immediate dynamiting when our troops approach, so our Army Engineers have in readiness thousands of pontoon sections to replace the ruined spans. One short span costs \$15,000. How many will need to get to Berlin we don't know, but we do know it will require a great surge of War Bond purchases.

## Few Undefeated and United Left For Gridiron Roll Call

New York, Oct. 25.—(UP)—Absenteeism reached a new high in the select group of unbeaten and untied football teams today when only 10 perfect record squads were on hand to answer the Monday roll call.

Those present and accounted for included Notre Dame, Army, Navy and Pennsylvania, a robust quartet which will square off next Saturday in two of the top games of the year. Notre Dame meets Navy at Cleveland and Army plays Pennsylvania at Philadelphia.

#### Purdue vs. Wisconsin

Purdue, dominating early season competition in the big ten, plays Wisconsin, Iowa Pre-Flight, bidding for recognition as the nation's top service team opposes Fort Riley, Kan., Cavalry, and Tulsa meets once beaten Southwestern.

#### Southern California, a certain Rose Bowl nominee barring accidents and upsets, plays California and Washington meets Spokane, Wash., Fliers, completing the program for the unbeaten. Colorado College has an open date.

#### Colorado College kept pace last week-end by sidetracking previously unbeaten Colorado 16 to 6 and Southern California kept its goal line uncrossed with a hard earned 6 to 0 victory over College of Pacific. The other unbeaten teams which tumbled from the ranks were Southwestern, which was upset by Southwest Louisiana Institute 27 to 6 and March Field, a 27 to 7 loser to Washington. Texas A. & M.'s perfect slate was spoiled by a scoreless tie with North Texas Aggies.

#### Pass Stars To Meet

Accurate Angelo Bertelli and Hurlin Hal Hamberg, two passing masters, who have been utilizing air power to keep their teams unbeaten will meet in the Notre Dame-Navy clash. Bertelli, benched and blanketed through most of Notre Dame's 47 to 0 rout of Illinois threw one touchdown pass and connected with five of seven passes for 83 yards. All Hamberg did against Georgia Tech was to throw three touchdown passes and score a touchdown himself in Navy's 28 to 14 victory.

Two highly geared running-offensives collide in the Army-Penn game. Army's breakaway backs have scored 211 points in five games, while Penn has made 202 points in its five tests.

#### Both Army and Penn pulled punches in their weekend victories, Army pouring in subs to trounce Yale 39 to 7, while Penn put its first team on a part time shift in besting Columbia 33 to 0.

#### Big Games Loom

The coming program generally is the most attractive of the season to date.

In the east there are such features as Princeton-Brown, Holy Cross-Colgate, Cornell-Columbia, Muhlenberg-Bucknell, Pittsburgh-Carnegie Tech, and Penn State-West Virginia.

#### Ohio State-Indiana, Michigan Illinois, Minnesota-Northwestern, Great Lakes-Western Michigan, Missouri-Nebraska, Kansas State-Kansas, Iowa State-Oklahoma, and Marquette-Denver are middle west highlights.

#### In the south, the top games include Randolph Field-Mexico City University, Texas A. & M. Arkansas, Southern Methodist-Texas, Rice-Texas Tech, and North Texas Aggies-Blackland AAF.

#### Western games include U.C.L.A. San Diego Naval Training, March Field-St. Mary's Pre-Flight, St. Mary's-San Francisco, and Alameda Coast Guard-Nevada.

#### OSSIE BLUEGE SIGNS WITH CLARK GRIFFITH

Washington, Oct. 25.—(UP)—Ossie Bluege has signed a two-year contract with Clark Griffith to manage the Washington Nationals.

The contract was signed Saturday. It was the first time since 1929 that Griffith has tendered a manager more than a one-year contract. Bluege was the fourth successive manager promoted from the playing ranks by Griffith during the last 20 seasons.

#### FLIER KILLED

Fairfield, Cal., Oct. 25.—(UP)—2nd Lt. Hamilton F. Morris, 26, Larchmont, N. Y., died here yesterday of injuries suffered Wednesday when an army bomber crashed, killing two other crew members and injuring seven.

## BLOFF ABSOLVES ONE OF EIGHT IN SHAKEDOWN TRIAL

### L. Kaufman, Union Official, Not His Partner, is Testimony — Mistrial Motion.

New York, Oct. 25.—(UP)—William Bloff testified today that Louis Kaufman, Newark, N. J., International Alliance of Theatrical Stage Employees official, and one of eight men charged by the government with extorting more than \$1,000 from the motion picture industry, had not been his "partner" in the shakedown.

Bloff said, in answer to questioning by Kaufman's attorney, J. B. Wegman of New York, that he had known Kaufman only through union business and socially and that he had not been associated with him in the "shakedown."

#### Mistrial Sought

A motion for a mistrial was made by Defense Counsel James D. C. Murray after Bloff's elaboration of an earlier statement that he had volunteered as a government witness only after being promised that he would not be slain and that his family would not be "put on the spot." Bloff's statement that he was "scared" because of threats made to the family of George E. Browne, convicted president of the Iatse, was stricken from the record by Federal Judge John Bright.

During his tenth and last day on the witness stand, Bloff was re-examined and cross-examined by Special Assistant U. S. Attorney General Boris Kostelantz and all defense attorneys. He became sarcastic during his final cross-examination by Murray, who has tried to prove that Bloff was the sole instigator rather than, as the government maintains, the agent in dealings with the motion picture producers.

"Since Mr. Murray is trying to prove that I had power over the producers, 'I'll help him establish that. When I played the music, they danced."

## HEARING DELAYED ON FLYNN CHARGE

Hollywood, Oct. 25.—(UP)—Judge Emmett H. Wilson today delayed until April 20 a hearing on blond Mrs. Shirley Hassau's suit against Film Star Errol Flynn for financial support of the daughter she says is his.

"I don't see there is any hurry about this," Judge Wilson told attorneys for the three sides involved.

"The child was three years old before suit was brought, so I see no need to upset the court calendar to hear it now. April 20 is the first opening, so April 20 it will be."

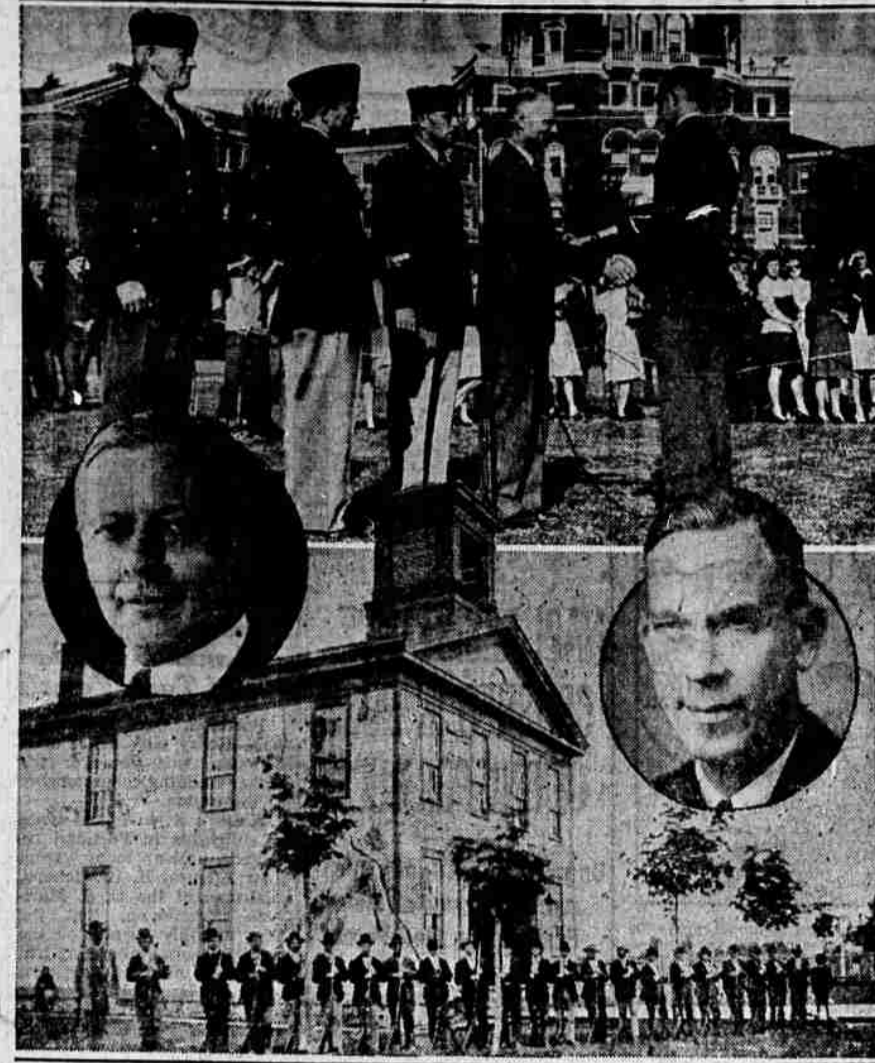

Mrs. Hassau had petitioned for support of the little girl, Marylyn, plus hospitalization costs and attorney fees pending trial of her suit seeking to establish Flynn as the father.

## YOUTH CONFESSES SHOOTING COUPLE

Pueblo, Colo., Oct. 25.—(UP)—District Attorney Charles Keen prepared a first degree murder charge for filing in district court today against 16-year-old David Smith, in connection with the shooting of an elderly ranch couple.

The youth, one of 12 children of a family which moved to the Pueblo area two yeears ago from Arkansas, was alleged to have slain 70-year-old Thomas Hutchinson instantly, then wounded and beat Mrs. Hutchinson, 69, whose condition is critical. Sheriff Earl Dunlap announced that the boy had made a complete confession, in which he was alleged to have said he planned to steal the elderly couple's old-age pension checks so that he could buy an automobile.

## Oregon State Celebrates Diamond Anniversary

These pictures represent 75 years of physical, military and administrative development of Oregon State college which celebrates its diamond anniversary on "charter day," October 27, the date when the Oregon legislature in 1868 designated old Corvallis college, shown in old print, as the land-grant college for Oregon. Other picture shows most recent military ceremony on the campus when the first 11 men in the Army Specialized Training Program to complete their course were given certificates by the college at a special review. Inset are President Harrison C. Dale, left, president of the University of Idaho, who will speak at the evening ceremony which will be broadcast, and Dr. A. L. Strand, president of the college.

## JAPAN WILL BE "BALL OF FIRE"

By United Press  
The Japanese diet opened an extraordinary session today and radio Tokyo announced that Premier Gen. Hideki Tojo would address its members.

The diet is scheduled to pass on a number of bills aimed at tightening government control over industry and increasing the national war output. Tokyo broadcasters heard by U. S. government monitors warned of an increasing labor shortage and appealed for more women workers in Japanese war plants.

The Japanese news agency Domei said the new legislation will merge the nation "into one ball of fire to carry the war to a brilliant conclusion."

## CEILINGS PLACED ON WHITE CORN

Washington, Oct. 25.—(UP)—The Office of Price Administration today established maximum prices for white corn at 25 cents per 100 pounds higher than the ceiling price for yellow corn of a like grade in all or parts of Arizona, Nevada, Utah, Oregon, California, Colorado, Wyoming and Montana.

In the lower counties of Wisconsin, 14 cents a bushel may be added to the maximum price of yellow corn on white corn sales. The order applies to all levels of distribution.

Instruction in military science and tactics was begun at OSC in 1872, but the first U. S. army officer was detailed to the college in 1894.

## OVERDUE U. S. SUB IS BELIEVED LOST

Washington, Oct. 25.—(UP)—The new U. S. submarine Dorado, commissioned less than two months ago, is "overdue and must be presumed to be lost."

The navy announced the loss last night without amplification. Presumably it was lost while on patrol against Japanese supply lines in the Pacific.

The 1825-ton submarine was launched last May and commissioned on August 28. It carried a normal complement of 65 men and was commanded by Lieut. Cmdr. Earle Caffrey Schneider of Arhoid, Md.

Stripping brooms of "frills" will save 1,650 tons of steel wire annually, 135,000 pounds of cotton twine and between 40,000 and 50,000 gallons of lacquer and other paint materials.

## BREWERY HEIRESS FOUND BEATEN TO DEATH IN HOME

New York, Oct. 25.—(UP)—RCAF Cadet Wayne Lonergan, 26, was being held in Toronto, Canada, today as detectives who investigated the murder of his socialite wife said she had fought desperately against her assailant in a "battle royal" that left blood smeared in the richly-carpeted stairway of her luxurious Beekmore place apartment.

Police sought to return Lonergan to New York for questioning in the cafe society murder. Asked about reports that Lonergan had scratches on his face when he was taken into custody in Toronto, Assistant Acting Deputy Chief Inspector Patrick Kenny of the New York police said, "I understand that is so."

Lonergan will be questioned as to his movements during the weekend which ended last night with the finding of Mrs. Lonergan's nude, beaten body, sprawled across a big Second Empire bed.

Lonergan was reported to have visited his estranged wife and their 18-month-old son Saturday.

Mario Gambelline, 43-year-old interior decorator, who accompanied the 22-year-old socialite heiress to brewery millions on a tour of night clubs and hotels before she was beaten to death, was held as a material witness in the case.
