RANCHER INSTRUCTED TO ROUND UP STOCK

Charles Eek, a resident of the Upper Griffin Creek, charged with permitting livestock to run at large in a herd district, was granted a six months' suspended sentence by Justice of the Peace William R. Coleman. Eek was instructed to round-up his six or eight head of horses and keep them off cultivated land.

The horses have been grazing on Poorman's Creek and recently wandered down into the valley near the Charles Wing orchard and started eating in pastures and alongside the road.

SIMILAR PLATFORMS ADVOCATED BY KNOX

Philadelphia, Oct. 28.—(U.P.) Adoption of similar foreign policy platforms at the 1944 conventions of both major political parties was urged last night by Secretary of Navy Frank Knox, because campaign discussion of such issues "can only possibly do injury instead of good" to the war effort.

"Here is a chance for the two great parties in the United States, as political parties, to make a great common contribution to our success in the war."

DE SOTO PLYMOUTH

The Moon is Down...

THERE are dark nights in Norway. Nights when Nazi sentries feel uneasy at their posts.

It is not what they hear that disturbs them. It is what they do not hear. The deep silence behind a bush. The steady quiet around the corner of a house. The terrible hush in the blackness all around them.

For the Norwegians lost their country without ever surrendering themselves. They wait now in the night to strike back at their oppressors.

If they ever had really given in, there would be no need of the thousands of Nazi troops now in Norway. They could have been sent to the Russian front. Or Tunisia. But they couldn't be spared.

They can't be spared in Holland either. Or Poland or France or Yugoslavia or Belgium. In China, tens of thousands of Jap troops must also remain. And Axis troops will have to remain in countless countries so long as the "conquered" people have the stamina to resist.

You can help support this army already in Europe—by your contribution to the National War Fund, which you make through our community's own war fund.

For this year, the agencies that can do this job have banded together to make the collec-

tion and distribution of funds simpler, cheaper and more effective. Their job is threefold. To keep our fighting allies in the fight. To provide friendly help for our men in the armed services. And to relieve distress where it is found here on the home front.

Because all these agencies are now banded together, you are being asked to contribute only once for all of them. Because you are being asked to give generously. Add up all you would have given to each of these agencies throughout the year, and then double the total! It is one of the most important contributions you can make to victory!
