

BILLY CALVERT SAID MISSING IN HAWAII ISLANDS

Billy Calvert, coppersmith, second class in the U. S. navy and nephew of Dr. and Mrs. C. E. Kunz of 1036 West 11th street, has been reported missing in Honolulu under mysterious circumstances.

A short wave radio broadcast from Honolulu Wednesday, heard by Calvert's mother, Mrs. Fannie Calvert of Bremerton, Wash., disclosed that \$1,000 in war bonds made to Billy Calvert by Mrs. Fannie Calvert had been discovered in a dump pile and that no trace had been found of their owner.

This information was given over the telephone yesterday by the worried mother to her sister, Mrs. Kunz. Calvert had made

his home here with the Kunz' off and on for the past 10 years and was widely known in Medford, where he worked for Timber Products and played baseball for the Medford Craters.

Calvert enlisted in the navy over a year ago and was stationed at Pearl Harbor. Prior to that he was employed by the government in salvage operations at the big Hawaiian Islands navy base, helping to raise ships sunk by the Japanese. He attended University of Oregon for two years before going to Hawaii and played baseball there under Coach Howard Hobson.

The broadcast, Dr. Kunz said he understood, stated that navy and civilian officials in Hawaii were continuing their search for the missing youth.

AIRPLANE MAKERS GET DEFERMENT

Washington, Oct. 29.—(U.P.)—Mobilization Director James F. Byrnes announced today that "the selective service system is arranging to defer, and will defer, all necessary workers in West Coast airplane plants, including their production subcontractors."

Byrnes explained that the workers on the West Coast aircraft factories would be divided into two classes:

1. Those currently irreplaceable and
2. Those currently replaceable.

The irreplaceable workers "are deferred for a period of six months" and will be eligible for additional deferment if they remain irreplaceable to production, Byrnes explained.

GIRL SCOUTS PLAN PROGRAM SUNDAY AT RIVERSIDE USO

Opening the annual National Girl Scout Week, Medford Girl Scouts will hold a "Scouts Own" ceremony at the Riverside USO auditorium Sunday afternoon, October 31 at 3 o'clock. This service commemorates the birthday of the founder of Girl Scouting, Juliette Low.

The main address of the special ceremony will be given by the Rev. Ward A. Rice, pastor of the Medford Christian church, who will speak on the "Spiritual Values of Girl Scouting." The remainder of the program will be made up of Girl Scout songs and ceremonies. Parents and friends of Girl Scouts are invited to attend the service.

Girl Scout Week is made up of "seven service days" following the opening ceremony and is given over to acquainting the parents and friends of Girl Scouts with the activities and aims of the organization. Sunday is church day; Monday, homemaking day; Tuesday, citizenship day; Wednesday, health and safety day; Thursday, international friendship day; Friday, arts and crafts day; Saturday, out-of-doors day.

Pittsfield, Mass., Oct. 29.—(U.P.)—Attorney John F. Noxon, Jr., was ordered held without bail today for the January session of the Berkshire county grand jury in the alleged "mercy" slaying of his mentally-deficient infant son.

JOHN T. PENCE, 51 TAKEN BY DEATH

John Thomas Pence, 51, passed away yesterday morning at the home of his sister, Miss Sadie Pence, 20 W. Jackson boulevard, after an illness of 2½ months.

Mr. Pence, an employee of the state highway commission, traveled to all parts of the state in his work, but made his home in Medford with his sister. He was born in 1892 at Williams, Ore.

Funeral services will be held at the Hull Funeral Home in Grants Pass at 2:30 p. m. Saturday, and interment will be in Granite Hill cemetery at Grants Pass.

Survivors include his children, Lewis Pence of Monterey, Calif., Miss Margaret Pence of Medford, Mrs. Donald Leming of Portland, and Miss Elaine Pence of Portland; one grandchild, Donald Benjamin Leming of Portland; several brothers and sisters, Mrs. Sadie Pence of Medford, Charlie Pence of Williams, Ore., Mrs. A. I. Hussey of Grants Pass, Mrs. H. D. Sturgeon of Portland, Miss Lida Pence of Williams, Ore., Ray Pence of Medford, and Mrs. O. O. Morton of Medford.

HOOVER AGAINST MILITARY PACTS

New York, Oct. 29.—(U.P.)—Former President Herbert Hoover and Hugh Gibson said today that military alliances "are wholly an ineffective machinery for maintaining lasting peace" and that such an alliance between Great Britain and the United States might be particularly disastrous for the post-war world.

Mr. Hoover and Gibson, writing in the current issue of *Colliers*, urged a transition period between the victory and the establishment of a world peace plan, with the machinery of government directed through continued collaboration of the United Nations.

PRAVDA REPEATS PLEA FOR HELP

Moscow, Oct. 29.—(U.P.)—The Communist organ *Pravda* pleaded again today for an immediate second front and criticized American military observers "who refuse to draw the proper conclusions from the present Soviet offensive."

The newspaper said that Anglo-American forces should take advantage of the Soviet successes to begin military action in western Europe.

JACKSON CO. TAXPAYERS PAY UP FOR DISCOUNT

Taxpayers continues in fair volume at the tax collection department of the sheriff's office. If paid before November 15, a discount of three per cent is granted for payments in full. Half payments are allowed a one per cent discount. No discount is given on quarterly payments. A large percentage of payments are for the full 1943-1944 tax year, and the higher discount.

Sheriff Syd I. Brown said today, "It is better for taxpayers to make their payments early than all rush in on November 14, and on the final day—November 15."

MARGARINE TAXES DISCRIMINATORY SAYS PORTLANDER

Washington, Oct. 29.—(U.P.)—K. C. Eldredge, a Portland, Ore., grocer, today estimated before the House Agriculture committee that "nuisance regulations" on the sale of oleomargarine cost him \$2,200 per year and constitute a "burden that is both unjust and unfair."

Complicated treasury restrictions—substantially the same as are required of a narcotics dealer—compel large margarine wholesalers to pay a \$200 yearly tax, employ at least one extra person to handle records, result in undue spoilage, and waste gasoline and rubber, he said in asking repeal of margarine taxes.

Eldredge said one restriction makes it necessary for a salesman to bring each margarine order to the company's central office, where a complicated card and tax return file is made out before "so much as a pound can be delivered." No telephone or mail orders can be accepted, he said, nor can margarine be delivered before card and tax forms have been filled out.

"If one food product that goes over the counter to the household is taxed," he asked, "why shouldn't they all be?"

TALENT BURGLAR TAKES OVER \$100

A 10-cent slot machine containing an estimated \$100 was removed from Long's cafe in Talent Wednesday night by burglars who also stole \$10 in nickels, \$3 in dimes from the till, a .32-caliber revolver and an undetermined amount of gum, cigarettes and candy, state police and the sheriff's office reported today.

An attempt was also made to break open a 5-cent slot machine, after it was dragged into the back room, but it was unsuccessful, police said. No trace has been found of the heavy 10-cent machine and no clues to the burglary were uncovered, police stated.

Entrance to the establishment was effected by prying off a screen on a back window and opening the latter through a hole in the glass. It was the second time in the past three months the place has been burglarized.

October 29th, 1943.
ROYAL MILLER
Attorney in Fact for Irving Miller.

FOOD MESSAGE COMING MONDAY

Washington, Oct. 29.—(U.P.)—President Roosevelt said today that he expects to send his long-awaited food message to congress on Monday.

The president told his news conference he would devote part of his message to emphasizing the successful manner in which lend-lease in reverse is operating, particularly the fact that Australia is providing all our beef and veal to feed all of our troops based in Australia.

The total amount of this beef and veal, he said, equals the amount being sent out of the United States to feed people in the European theater, not including meat shipments to our own troops.

NAZI PRISONERS SPOON WITH JAPS IS CHARGE

Trinidad, Colo., Oct. 29.—(U.P.)—The Federal Bureau of Investigation and military authorities today continued an investigation into reports that German war prisoners at the internment

camp here had sufficient freedom that they were able to meet and "spoon" with Japanese girls living in this area.

Five Japanese women, members of families allowed to move

here from the Amache, Colo., war relocation center, were being held in Las Animas county jail for questioning in connection with their associations with the Nazi war prisoners.
