INDIANA AND IOWA BOAST THREE OF SIX TOP ELEVENS

Huskies and Trojans Have Perfect Marks on Coast—Irish Rated Number One.

By Carl Lundquist
(United Press Correspondent)

New York, Nov. 1.—(U.P.)—Corn and pork-fed huskies from Indiana and Iowa dominated the nation's football scene today with three of the six remaining perfect record teams, Notre Dame, Purdue and Iowa Pre-Flight from these two states.

The west coast had two unbeaten and untied leaders, Southern California and Washington and the Rocky Mountain area furnished Colorado college to complete the picture. All of the east's top elevens, Navy, Army and Pennsylvania and Tulsa, the southwestern representative, tumbled from the ranks over the week-end, though only Navy was beaten, 33 to 6 at the hands of Notre Dame.

Army and Penn tied each other 13-13 and Tulsa suffered a 6 to 6 standoff with Southwestern. There were few folks willing to dispute Notre Dame's position as the top team in the country. Winning with such ease that they made their impending meeting with Army at New York next Saturday anti-climactic, the Irish team completed a cycle of six victories against stout opposition from the midwest, the south and the east.

Unextended. Never yet extended in victories over Georgia Tech, Pittsburgh, Michigan, Wisconsin, Illinois and Navy, the Irish have rolled up 39 touchdowns, yielding only five, for a total of 261 points to 31 for the combined opposition.

Penn, which rose in stature by tying an Army eleven which was supposed to win by two touchdowns, meets Navy on the rebound at Philadelphia in next Saturday's second big game.

Purdue, minus several of the stars which have powered it to seven straight victories, may run into trouble against Minnesota and Michigan may have similar trouble against Indiana, in Big Ten features. Purdue and Michigan, tied for the conference lead, are only a jump ahead of Northwestern which opposes out-beaten Wisconsin in its next assignment. Illinois opposes Iowa.

Southern California, the only team in the nation with an uncrossed goal line, plays San Diego Naval on the west coast. U. C. L. A. opposes Del Monte Pre-Flight, College of Pacific meets St. Mary's, California tackles San Francisco, Colorado takes on Utah and Denver plays Kirland Field in other western and Rocky Mountain games.

Promoter Mike Jacobs of the Garden, who has taken over St. Nicholas arena as a "feeder club," stages his first show at St. Nick's tonight, with Middleweights Coley Welch and George Kochan meeting in the eight-round main event.

Army to Provide Tough Test For Irish Eleven Saturday

By Jack Cuddy
United Press Staff Correspondent
New York, Nov. 1.—(U.P.)—As Frank Leahy of Notre Dame and Lieut. Col. Earl Blaik of army prepare for their big "T" party at Yankee stadium Saturday, both coaches agree that:

(1) Army's team will be much more formidable against the Irish than it appeared in its 13-13 tie with Pennsylvania last week, because (2) army had too much in its "T" at Philadelphia. By telephone from South Bend, Ind., Leahy told us today: "Naturally, I was surprised at the army-Penn. result. There's not a better team in the nation than army; and I say this without discrediting Pennsylvania's grand team in the least."

"Rain at Philadelphia prevented army and its 'T' formations from being fully effective. Unfortunately the 'T'—so dependent upon speed and split-second timing—is affected more by sloppy conditions than any other system. Notre Dame and its 'T' have been lucky enough to get good weather for every game."

Coach Blaik, on the telephone at West Point, admitted that he had expected army to beat Pennsylvania. He explained the 13-13 deadlock as follows: "At Philadelphia, army ran into a fine team and bad weather. We scored midway in the first period and held a lead until the last period. We seemed to have things in our lap; so we didn't open up much—didn't gamble because of the slippery ball and muddy field. We played conservative football until Penn tied the score in the last period. Then we tried to gamble, but it was too late."

What did the army coach think about Notre Dame's 33-6 victory over Navy last week?

Blaik said: "That 33-6 score shows that Notre Dame has one of the great teams of all time, because Navy has an unusually strong outfit. Notre Dame proved itself great on offense and defense. It has mastered the 'T' formation. It has an excellent line, and it has big, heavy backs, who can run like greyhounds. Angelo Bertelli has gone to the marines; but the team has so much exceptional talent that he will hardly be missed."

LEAFS, REDWINGS OPEN WITH WINS

By United Press
The Toronto Maple Leafs and defending world champion Detroit Redwings got off to winning starts over the week-end as the 1943 National League hockey season opened with 'teen aged boys and aging veterans filling the ranks of players drawn by the war effort.

Toronto won two games, defeating the New York Rangers in its opener at Toronto Saturday night, then trouncing the Blackhawks at Chicago 4 to 1 last night.

Detroit handed the New Yorkers their second defeat in as many nights, 8 to 3, at Detroit last night.

The Boston Bruins and Montreal Canadiens started with a 2 to 2 standoff at Montreal Saturday night.

BRIGHT FUTURE SEEN FOR LOOP

Onkand, Cal., Nov. 1.—(U.P.)—Pacific Coast league baseball directors met here today to draft plans for the 1944 season, with generally optimistic forecasts for an improved year prevailing among club representatives.

Plans for night baseball, expected to return to the west coast in full bloom with the end of dimout restrictions; a longer season, and continuance of the Shaughnessy playoffs were included in the agenda. Final action on all matters may be delayed until the January meeting of the league, however.

Pre-meeting gossip hinted that the club owners may decide to replace League President Wilbur C. Tuttle, whose contract expires next February. Edward

MAYFIELD NAMED TORNADO MENTOR FOR TIME BEING

Leonard B. Mayfield, principal of Medford high, has been designated as head coach of the Black Tornado football eleven for the time being, with relief to be obtained at the earliest possible moment. City School Superintendent E. H. Hedrick announced today.

Mayfield was assigned the task of taking over the position made vacant by the resignation of Lorne S. Arnold, as an emergency measure even though, as Hedrick put it, "he has more of a schedule now than any one man should have to carry, what with his principalship and community duties."

While he is at the helm of the Tigers, Mayfield will not be in a role he doesn't understand. He played football for the University of Oregon and coached the gridiron sport for eight years, three at Grants Pass in 1925, 1930 and 1931 and at Oregon City from 1932 to 1936, inclusive. His 1929 Grants Pass team defeated Medford, 7 to 0. He returned to Grants Pass as principal in 1937 and came to Medford as principal in 1939.

Hedrick expressed the greatest confidence in Mayfield's ability to handle the team until a successor for Arnold is obtained, as he has been close to the situation throughout the season and is an experienced football man.

The Tornado has three more games to play, against Bend here Friday night, against Ashland here Nov. 11 and against Salem here Nov. 19.

WAR CHOPS LIST OF ELIGIBLE MEN IN ANNUAL DRAFT

Chicago, Nov. 1.—(U.P.)—Commissioner Kenesaw M. Landis opened baseball's "bargain basement" today and forecasts were that the diamond dugout would do the heaviest business in history.

A year ago when the white-haired czar banged for bids on the minor league talent that annually is put up for "grabs" at the selection meeting, major league owners poured out \$139,000. That sum represented payment for 20 players who were chosen in the "draft."

Club owners here this season will find the war has limited their selection sharply. In 1942, players on 178 clubs in 28 leagues were on the selection list. This season, the players picked will be from 63 clubs in the nine minor leagues that survived the last campaign.

Only in the selection meeting can the bargains be obtained. The draft prices are \$7,500 for players from double AA leagues, \$6,000 from class A-1 and A leagues, \$4,000 from class B, \$2,500 from class C and \$2,000 from class D.

Players on the selection list are divided into two groups, restricted and unrestricted. Only one from the restricted group may be chosen from each club, but players on the other list may be taken until a club reaches the limit of 40 players on its active list.

The order of selection of players is the reverse of the final league standings, with the Amer-
