

PORTLAND MAYOR HERALDS INVASION

Portland, Ore., June 6.—(U.P.) Mayor Earl Riley threw the master switch sounding Portland's air raid alarm system at 12:33 a. m. (PWT) today, immediately following Gen. Eisenhower's official announcement that Allied forces were assaulting fortress Europe from land, sea and air.

Although police sirens joined in proclaiming the long awaited news, few church officials could be reached. The Trinity Episcopal church threw open its doors during the early morning admitting more than 150 people of all races and creeds including many in uniform.

Grover William, chief radio man for the Portland-Vancouver shippers, said the workers received the news at the yard in "kind of nervous expectancy." Williams said that workers ignored their lunch while listening to the news and later returned to work with "furious energy."

Fire Dispatchers Receive Training

Seven fire dispatchers are being trained this week by M. L. Tedrow, fire chief of the Rogue River National Forest service, at Camp Carberry in the Applegate. Dispatchers are trained by the service to receive the calls from lookouts when forest fires are reported, judge the requirements of the blaze and to dispatch the proper sized crews and proper equipment for its control.

Largest Lumber Yard Is Burned

Pittsburg, Cal., June 6.—(U.P.) Federal Bureau of Investigation agents today were investigating a \$2,500,000 fire which razed the Redwood Manufacturing company plant, reportedly the largest lumber yard in the world, before 1000 fire fighters brought the wind-whipped inferno under control early Sunday morning.

Fire fighting units from six towns, 300 soldiers and a coast guard fire boat responded to the frantic alarm which went out Saturday night as the roaring flames threatened several nearby war plants.

BABY FLAT TOP LOST LAST MAY

Washington, June 6.—(U.P.)—The U. S. escort carrier Block Island was sunk last month in the Atlantic as a result of enemy action, the navy announced today.

A navy communique said casualties were light. It did not specify the type of action in which the "baby flat top" went down.

The Block Island is the first U. S. carrier to be lost in the Atlantic. Its loss brought to six the number of American carriers lost in this war.

Only one of the other sunken carriers — the Liscome Bay, which was sunk last November in the Gilbert Islands operation — was a baby flat top.

The other four were the Lexington, Yorktown, Wasp and Hornet, all sunk in the Pacific. The sinking of the Block Island brought to 126 the number of combatant vessels lost by the American navy in this war.
