

SUNNY SIDE UP

Chicago (U.P.)—Dagwood Night at the United Service Center revealed that when members of the armed forces have a chance to cook their own eggs, they insist that the eggs be fried, sunny side up and never scrambled. Stuart McCutcheon, supervisor,

explained that the boys have had powdered eggs so often, as a part of their rations, that when they have a real egg they want it to look like a real egg. "I think," he said, "this is a custom which will remain after the war, the same as the three-on-a-match superstition hung

over from the last war. They seem to feel that scrambled eggs are unlucky." A new glass has been developed that is as light as cork and will float in water. Called foam-glass, it is nine parts air and one part glass and is used as insulation in walls, floors and roofs.

PICKS UP CHECKS

Kansas City, Mo. (U.P.)—A sailor and a civilian, strangers to one another, were seated together at the Union Station fountain while drinking malts here recently when the civilian reached over and took the serviceman's check. When the sailor

or protested, the civilian said, "That's all right, my job pays better than yours." Suddenly an older hand reached between the two and took both checks. A voice behind the men explained, "I own a bank."

Organic research for industrial chemists to develop new

dyes for textile usages has, according to American Cyanamid Co., resulted in the development of many organic compounds of outstanding medical value, of which the sulfa drugs are an important example.

THE BONDS YOU BOUGHT HAVE GONE TO WAR—
BUT *The Battle is Bigger than Ever!*

You Can't Fail them NOW!

BACK THE **5TH** WAR LOAN TO THE LIMIT

REMEMBER the Sicilian invasion? Each mechanized division required 18,000 gallons of gasoline for every hour it was on the move.

Remember the invasion of Italy? The cost to reach the mainland from the time we began the attack in North Africa was 1,800 aircraft lost.

Even when we win, we lose vast stores of guns, planes, tanks and other equipment. For that is the price of victory. The Bonds you bought in the first four War Loan Drives are today's exploding bombs and shells! They can never be used again.

But today the battle is bigger than ever! And that is

why you must do MORE than ever in the 5th War Loan.

Our fighting men are ready. They will go anywhere, anytime, anyhow—and bar nothing! For that is the American spirit. Back that spirit NOW... and back the 5th War Loan to the limit! It's for Invasion! It's for Victory!

Now is the time! The job is big—and every moment counts. Go to your regular War Bond sales outlet. Buy all you can—and then more! More than you've ever bought before. Invest not only out of current income but out of idle and accumulated funds. This is the biggest job America has ever had to do! Let's show our fighting men we can do it!
