

PRICE REGULATION EXTENSION ACT IS SIGNED BY F. D. R.

Washington, June 30.—(U.P.)—President Roosevelt today signed the price control extension act continuing for a year the administration's anti-inflation program, but expressed "fear" that changes made in the law by congress would "weaken and obstruct the effective enforcement of the law."

As it goes on the statute books the law provides that price control shall be continued until June 30, 1945, with OPA procedures changed to speed up decisions on protests against OPA regulations and permit all the agency's orders to be challenged.

Changes Listed
Main procedural changes are:
1.—In arriving at fair price ceilings, OPA shall use standard accounting methods.
2.—OPA may purchase sample items as evidence of price violations.
3.—Any person subpoenaed in an OPA suit shall have the right to be represented by counsel and to have a record made of his testimony.
4.—At any time after an OPA regulation is issued, it may be protested. This applies to all OPA orders, past, present, and future.
5.—Protests shall be passed upon by a board of review to be established within OPA on Sept. 1, 1944. The board will make recommendations in writing to the administrator, who may accept its findings or ignore them.
6.—The administrator shall make decisions on protests "within a reasonable time."
7.—Two judges shall be a quorum of the emergency court of appeals which decides OPA criminal suits.

May Seek Court Aid
8.—In OPA civil suits, a defendant may seek emergency court decision on the ruling under which he was convicted, if he files protest within five days after judgment. If the court finds the ruling to be invalid, the case will be dismissed.
9.—In criminal suits, a similar protest against the ruling may be filed within 30 days after the start of trial, or within 5 days after judgment, whichever the defendant chooses.
10.—OPA suits must be filed in the district or county in which the defendant resides.
11.—In civil suits involving overcharges, OPA may assess three times the amount of the overcharge or \$25, whichever is greater.

On the controversial subject of subsidies, the law provides that after June 30, 1945, no

Liberty Ship Role Significant Says Admiral Vickery

San Francisco, June 30.—(U.P.)—Rear Admiral Howard L. Vickery, vice-chairman of the maritime commission, said today he refused to countenance disparagement of the Kaiser Liberty ships because "they saved England."

"They are as significant in history as Columbus' ships, Drake's ships, the Mayflower. They saved England and, believe me, they know it over there. They have told me so, from Churchill on down."

Vickery said, however, that the Liberty ships will not play a large part in America's peace-time shipping industry.

The Victory ship, the C-4 and other types were designed for easy changeover to commercial freight carriage and at 18.4 knots, fully loaded, will be the fastest afloat, Vickery said. But he "doesn't plan to run" the Liberty ships because "they would slow up the whole shipping business for years."

The last of the Liberties will be launched at Richmond, Calif., Saturday.

**Lieut. Ben Reeser,
Former Ashlandite
Is Reported Dead**

Ashland, June 30.—Word has been received in Ashland of the death in the Admiralty Islands, of First Lt. Ben Reeser. No details were given. Lt. Reeser was the son of the late Horace Reeser and of Elsie Grubb Reeser of this city, who survives him.

He was a grandson of Benjamin F. and Matilda Reeser and of John and Mary E. Grubb, all early pioneers of Jackson Co.

Lt. Reeser was born in Ashland on July 22, 1915.

He entered the war two years ago and was given his officer's training in Australia.

Lt. Reeser saw active duty in New Guinea and in the Admiralty Islands.

Survivors besides his mother include his wife, Betty Sue of Woodburn.
