BUTTER SHORTAGE DUE TO CONTINUE

Washington, Sept. 15.—(U.P.) War Food Administration officials said today the current butter shortage probably will continue for the rest of the year and may become even more acute within the next few weeks.

They reported that butter production during the first eight months of 1944 dropped 12 percent below last year's output. Production is seasonally at its lowest point in the fall and larger supplies are not expected to move into civilian channels for some weeks after it begins a gradual rise in November. In addition, cold storage stocks of butter are now only about half the size they were a year ago.

Food officials are considering the advisability of increasing the ration point value of butter from 16 to 20 red stamps. **FUNDAMENTALIST TRIAL DELAYED TO TUESDAY** Salt Lake City, Sept. 15.—(U.P.)—Trial of 35 members of the Fundamentalist religious sect on charges of conspiracy to practice polygamy, scheduled to open today, were postponed until next Tuesday by District Judge M. Bobbie Ellis was also called in the navy. School started Sept. 11 with very good attendance. R. E. Edmondson has been ill in bed with the flu. His many friends wish him a speedy recovery.
