# "Wing-In," Popular Rendezvous On Coast Airway, Starts Fourth Year Of Service To Armed Forces

"Wing-In," a canteen located at the Medford Municipal airport and run under the auspices of Jackson County Recreation committee, is now entering its fourth year of service to the armed forces. With the exception of three paid workers it is staffed entirely by volunteer help and is one of the few organizations of its sort in the country. Although extremely reasonable prices are maintained it has been self-supporting throughout its existence.

It has gained quite an exceptional reputation up and down the Pacific coast for its pleasant atmosphere and good, inexpensive food, and flyers have been heard to say that they plot their course with the sole purpose of dropping in for a "Wing-In" hamburger. The canteen has made many friends among the army personnel stationed at the airport and receives appreciative postcards and letters from many

service and be on time. Mrs. Ruby Young has just finished having some painting and papering done in the front rooms of the home she recently purchased from Mr. and Mrs. Orvil Henderson. The Hendersons also have had the inside of the house they purchased from Mr. and Mrs. A. G. Carter (formerly John Miller place) completely remodeled and painted, also are having a new roof put on.

Several of the "crack shot" hunters left Saturday for the Lakeview country for a two weeks' try at the muletail in that locality. They remarked the reason for going so far to hunt is that all they need do, is find a comfortable (?) juniper stump, relax and wait for the bucks to hunt them. The group included William Perry, Orvil Henderson, Sam Coy, Charles Cearly, Ray Harnish and John Robertson.

Mrs. Ray Harnish spent last Sunday with her sister, Mrs. Neva Holman of Medford.

Friends in Eagle Point of Mrs. Mayme Botts of Medford are sincerely happy that she finally received word that her son, Sgt. Herbert Botts, is alive, although a prisoner of the Germans. Herbert had been reported missing in action since D-day, but as long as he is alive all join Mrs. Botts in hoping that he will be released and return home in the near future.

Television transmission is, at present, only possible in straight lines, hence it cannot follow the earth's curve, and ceases at the horizon.

# Why Mom Agreed I should be a Nurse's Aide

My brother is in a hospital on foreign soil. When the news came Mom and I agreed I should be a Nurse's Aide. The first day I wore my uniform I began contributing to his recovery. My help releases graduate nurses to the Armed Forces—and one of these nurses may have a hand in saving my brother's life... or the life of a member of your family.
