

# TRUMAN STATES HYDRO PROJECTS OPPOSED BY GOP

FDR Running Mate Claims Nation Needs Experienced Leadership to Win War.

With Senator Truman En Route to Seattle, Oct. 19—(UPI)—Sen. Harry S. Truman completes the west coast leg of his campaign trip today in Washington, which is acutely conscious of post-war reconversion problems.

Truman, Democratic nominee for the vice presidency, will appear at a Democratic rally to-night at Seattle to deliver a radio address pointed at those problems. He also expects to reiterate the administration view toward the giant Grand Coulee and Bonneville power projects which have been closely linked to industrial expansion in the northwest.

**Projects Opposed**  
The nominee told a Democratic rally at Portland last night that the projects were partly responsible for the tremendous wartime expansion of aluminum production needed for airplanes and that they had been "bitterly opposed" by Republicans in congress.

Truman also charged that the Republican platform and presidential candidate "straddle every issue" and asserted again that the nation needed experienced leadership to win the war and the peace.

"The same old gang that tried to turn the clock back in 1920 is standing at the door waiting for a chance to come in and turn the clock back," he said.

**Accuses Dewey**  
Truman asserted that Gov. Thomas E. Dewey has embraced new deal reforms on a tour of the west coast but had gone to Charleston, W. Va., and told "the old guard he didn't mean it at all."

He said he wanted no more men killed than necessary to defeat Germany and Japan and that the country could "not afford to take a chance on a new commander in chief at this stage of the war."

Moving into Washington today, Truman was accompanied by Sen. Mon C. Wallgren, Democratic gubernatorial nominee for that state, on a motor trip to Seattle. They planned stops at Centralia, Olympia and Tacoma. Although Democrats were optimistic about the prospects of carrying Washington for the Roosevelt-Truman ticket, they were worried about the outcome of Wallgren's race with Republican Gov. Arthur B. Langlie, who is seeking reelection.

The only military execution in Maine's history took place at state prison in Thomaston, Me. Jeremiah Braun was hanged after he was convicted of having guided a British raiding party that in 1780 captured Gen. Peleg Wadsworth, a grandfather of Henry Wadsworth Longfellow.

# JACKSON COUNTY FARM NOTES

Compiled by County Office O. S. C. Extension Service

**Net Farm Income In Gradual Drop**  
Current data on trends of farm prices and costs indicate a further gradual decline in the purchasing power of farm products, generally, reports L. R. Breithaupt, O.S.C. extension agricultural economist. Latest figures of the U. S. Department of Agriculture show the index of prices for all farm products just slightly lower than a year ago, while the index of prices paid is up about 4 per cent, not including labor. The farm wage index is around 20 per cent higher.

These trends suggest that the peak of high net income from farming during this war may be reached soon if not already passed. The situation varies somewhat, depending upon the type of farming.

Compared with a year ago, the current position of crop products generally is more favorable than of animal products as a group. The general price level of all crop products is about 4 per cent higher and of all animal products about 4 per cent lower than a year ago. Much of the increase in prices for crop products is due to higher prices for tobacco, hay, corn, and wheat. Dairy products have lost purchasing power, although the general average of prices is slightly higher.

On the whole, farm product prices were rated at 113 per cent of "parity" at mid-September, down one point from mid-August and 5 points below September, 1943.

Attention is called to some significant relationships between trends in farm real estate prices and net farm income. Five times in the past 33 years, the figures show, the trend of land prices has followed a change in the trend of net farm income in about a year.

**Dairy Association Means Business**

At a meeting of dairymen held Wednesday evening plans began to crystallize for the formation of a dairy cooperative for Jackson county. An organization was formed to be known as the Rogue River Valley Dairy association with a board of directors elected to perfect plans for incorporating a marketing organization.

There is every indication that this group means business and the directors were instructed to proceed as rapidly as possible with procedure necessary for starting such an organization.

**Small Seed Crops Going Into Sacks**

With a favorable threshing season with few delays in operations, the small seed crop for this season is rapidly being sacked in this section. Clover yields are not up to normal this year in most instances. The sale of the crop is not yet complete but expectations for good prices will probably be fulfilled. Pure seed of the higher grades is in demand and mixtures may be a little slower.

R. G. Fowler, county agent

**Enroll Nov. 1 For 4-H Club Work**

Enrollment for next year's club work will be started November 1. Every boy and girl between the ages of nine and 18 is eligible to carry a club project. Projects available include dairy, beef, pigs, sheep, goat, poultry, rabbit, duck, geese, corn, potatoes vegetable garden, flower garden, seed crops, forage crops, weed control, canning, cooking, clothing, home-making, health, home beautification, bee culture, woodworking, forestry, building, farm accounting, home accounting, etc.

Boys and girls in and near towns are eligible to carry these projects as well as boys and girls on the farms. Anyone who is interested in joining a 4-H club or in starting a new one, please write to the 4H club agent, courthouse, Medford. Or better than that, come in to the county agent's office and talk with the club agent.

Earle Jessy, county club agent

**Party Suggestions For Halloween**

Mrs. Louise Brockway has prepared a new recreation mimeograph on game suggestions for Halloween that is now available through the home demonstration agent office.

Although wartime restrictions have necessitated discontinuing the regular meetings of the Jackson County Recreation association, a great deal of material is available that will help in planning recreation for home and community groups. The mimeographed information is available free of charge and other material such as game kits, plays

and stunts may be borrowed through this office.

This newest mimeograph "Hallowe'en Recreation" includes many game ideas that are particularly suitable for small home parties. Two other mimeographs on Hallowe'en are available. One, Hallowe'en Program Suggestions, HE 1380 is particularly useful for school, grange or other group parties. These mimeographs may be obtained at the extension office at the courthouse or by calling 3453.

Home demonstration agent Marian J. Farrell,

## MARIJUANA IN WEEDS

San Antonio, Tex.—(UPI)—Police are searching for local victory gardeners who were cultivating a little marijuana along with regular crops. The officers explained that the marijuana bush resembles a common garden weed, and is very difficult to detect.
