

## OPA DIRECTOR TO SPEAK THURSDAY AT JACKSON C-C

McDannell Brown, OPA director for the state of Oregon, who is speaking at 8 Thursday evening at the Jackson County Chamber of Commerce, will stress the part of the OPA in the re-conversion period, and the need for "holding the line" against inflation. If there are local problems that might serve as the basis for discussion, merchants and members of the community should feel free to present them, Frank Hull, manager of the chamber said, in announcing the forthcoming appearance of Mr. Brown.

In connection with "Form a Car-Club" week Mr. Brown has announced that when the European war is over and the nation is free to turn its full might and attention on Japan, "Pacific coast gasoline supply will be extremely hard hit." He suggested that it was to the best interests of car owners, themselves, to form car pools now.

Women's clubs have been requested to send representatives to the meeting, and local board members are especially urged to attend.

Rationing boards and public of Grants Pass and Ashland have also been invited. Mr. McDannell's visit promises to be of great benefit to the community, OPA officials in Medford state, Mr. Hull said.

## COUNTY CHAMBER RECEIVES THANKS

Frank Hull, manager of the Jackson County Chamber of Commerce, has received a letter from Marie Bennett, past national secretary of Daughters of Union Veterans of the Civil War. The letter expressed appreciation of each daughter for the beautiful souvenir of southern Oregon which the Chamber provided each delegate at the 54th annual convention held recently in Des Moines, Ia.

The letter went on to express thanks for the fine tribute paid the national president, Miss Ora Cox, 1716 Crown avenue, Medford, and for the courtesy extended her and the organization.

Miss Bennett stated that the delegates who attended the convention have carried back to their homes the story of southern Oregon's attractions, which she is sure will be long remembered.
