

WOMEN TO HEAR DISCUSSION OF NOV. 7 BALLOT

Heading the list of speakers who will discuss measures at the traditional election school of the Jackson County League of Women Voters being held this week will be the county's three legislators and candidates, State Senator Earl T. Newby, Frank Van Dyke and O. H. Bengtson. The school will be Thursday at the Riverside USO at 8 p. m.

All measures which will be on the November 7 ballot will be discussed pro and con by the various speakers. Speakers in addition to Newby, Bengtson and Van Dyke will be E. H. Hedrick, Otto Frohnmayer, George Frey, Mrs. Elwood Hedberg, Mrs. Leonard Carpenter and Mrs. Richard Payne. Mrs. Justin Smith, president of the league, will act as moderator.

"The complacency or indifference of too large a proportion of the electorate is the greatest enemy of representative government in the United States today," Mrs. Smith states. "To aid in combating this lethargy, the league has made a tradition of the school each election year, and presents factual material on the ballot measures. A cordial invitation is extended to any voter to attend the school."

Senator Newby is continuing in office, Van Dyke's term in the house of representatives is expiring and he is a candidate for reelection and Bengtson is the unopposed candidate for the office held by William McAllister before he went into the army.
