

TIRE DEALERS TO MEET WEDNESDAY

James H. Hedric, Portland, district tire representative for the office of price administration, will be in Medford Wednesday and will speak at the Chamber of Commerce at 8 p. m. All tire dealers and truck operators are urged to be at the meeting and the general public is also invited.

It is stated that OPA is holding a series of meetings throughout the district in an effort to clarify the matter of the truck tire shortage and to impress truck owners and operators with the seriousness of the tire shortage. Hedric is said to be an able speaker.

H. W. Robinson, OPA tire examiner, is now in Medford and will remain here until after the Wednesday meeting.

AMERICANS!

We invite you to join with us to preserve the American Constitution and the principles for which it stands.

Don't forget that from small struggling colonies of three million liberty loving people in 1787, we became the strongest nation in the world, under the Constitution as framed by the Founding Fathers. We have now reached the most critical period in the life of our country. A misstep and the structure, which our fathers so diligently, faithfully and carefully raised, may crumble to the dust.

GEORGE WASHINGTON refused to consider a further nomination. In his Farewell Address he pointed out that while domination of one faction over another is in itself a frightful despotism and men are caused thereby to seek security or repose in the absolute power of an INDIVIDUAL, "sooner or later the chief of some prevailing faction, more able or more fortunate than his competitors, turns this disposition to the purposes of his own elevation, on the ruins of PUBLIC LIBERTY."

THOMAS JEFFERSON was absolutely against any president seeking even a third term, and was a great champion of STATES RIGHTS. He said: "Were we directed from Washington when to sow and when to reap, we should soon want bread."

ANDREW JACKSON in his farewell address said in part: "it is from within, among yourselves, from cupidity, from corruption, from disappointed ambition, and inordinate thirst for power, that factions will be formed and LIBERTY ENDANGERED. It is against such designs, whatever guise the actors may assume, that you have especially to guard yourselves."

Remember, Americans, some of these words were spoken over 150 years ago—but how well they point out the perils of our country today.

In placing the future path of their country and preservation of their party above the domination of the PAC, the Browders and the Hillmans, many Democrats and other Americans, irrespective of their political faith, are rising to join hands in forming

A DEMOCRATIC DECLARATION OF INDEPENDENCE

THE CHRISTIAN SCIENCE MONITOR, recognized throughout the world as a great newspaper, felt the necessity of informing its readers that it must take a stand and recommend the election of Thomas E. Dewey.

THE READERS DIGEST this month carries an article "Comments on the PAC from the Labor Press," showing up the dangers of the PAC as recognized by many groups of Organized Labor."

It's time to change... before it's too late

Therefore, let us preserve and protect our cherished and hard earned liberty and freedom by electing to office

- For President **THOMAS E. DEWEY**
- For State Representative **FRANK J. VAN DYKE**
- For Vice-President **JOHN W. BRICKER**
