SECOND UKRAINE ARMY OUTFLANKS ENEMY POSITIONS

Russian Forces Thrust To Within 16 Miles Of Budapest In Drive On Capital

Moscow, Nov. 14.—(AP)—The 2nd Ukrainian army outflanked the enemy stronghold of Jaszbereny today and sent armored forces thrusting to within less than 16 miles east of Budapest in a converging drive on the Hungarian capital, already besieged from the south.

(Berlin reported that Soviet tanks had driven into Jaszbereny, 31 miles east of Budapest, yesterday, but the enemy report was not confirmed by the Russian communique.)

Forces Move Rapidly
Marshal Rodion Y. Malinovsky forces, which swung a 30-mile arc around Jaszbereny, were moving rapidly in the drive from the east and advanced more than 10 miles in 24 hours, despite increasing enemy opposition.

The offensive, the second launched against Budapest by Red army, was taking a heavy toll of German and Hungarian forces. A communique said that 1200 enemy troops were killed and 1000 others captured yesterday on the eastern ap-

proaches to the capital, with the 20th Hungarian infantry division reduced to about 1000 men. Malinovsky's thrust from the east was spearheaded by one unit which seized Benye, 16 miles east of Budapest, the western anchor of the arc around Jaszbereny.

Highways Cut
The eastern end of the arc was established in Jaszapati, 10 miles east of Jaszbereny, where the Soviet forces cut one of the two main highways between Budapest and Miskolc, the country's seventh city in northeastern Hungary.

(Berlin said other Russian troops which entered Fuzesabony, 30 miles southwest of Miskolc, were menacing the second highway 18 miles above the first road. Cutting of the two highways would leave the Germans and Hungarians in northeastern Hungary only a long circuitous route to Budapest.)

Fall From Cliff Proves Fatal To Woman On Picnic

Monterey, Cal., Nov. 14.—(AP)—Martha Harrider, 29, Pullman, Wash., picnicking with her furloughing husband, Sgt. Sherman Harrider, fell off a cliff at Pt. Lobos and drowned Saturday, it was disclosed yesterday.

Sgt. Harrider, a wounded veteran of the Sicily and Italy campaigns, jumped into the heavy surf and made two vain attempts to rescue his wife. Once he had her in his arms and started ashore with her, but waves tore her loose from his grasp. Harrider was severely buffeted against shoreline rocks.

CHILDREN'S BOOK WEEK OBSERVED AT CITY LIBRARY

National "Children's Book Week" is being observed this week and workers at the public library here have prepared exhibits and in other ways have made special plans for the week. It was stated today.

In keeping with the national slogan, "United Through Books," an exhibit of books, posters and flags of the United Nations is on display in the children's room in the basement of the library. A book puzzle has been worked out, using the titles of familiar books, and children may play the game when they call for books. A number of the newest books are on display.

It is pointed out that a number of other nations, including England, Brazil and Russia, have adopted the national children's book week and are celebrating it this week as well as this nation, and that Bombay, India, is observing the special week also.

Children of the district are extended a special invitation to visit the library this week.
