Just the Beginning

(Acme Telephoto)
Roaring out from new bases on Saipan in the Marianas, 100 or more B-29 Super-Fortresses officially opened a two-pronged air offensive to soften Japan for invasion, bombed Tokyo by daylight for first time since Doolittle's historic raid on April 18, 1942. American commanders stressed that from now on all targets in Japan's home islands will be under attack both from Saipan and China.
