

# ANOTHER ASHLAND YOUTH ARRESTED

Ashland, Dec. 1 — Another member of Ashland's juvenile criminal gang was fined \$200 and court costs of \$2.50 in city court this morning. The sentence also stated he was not to drive an automobile. He is Eugene Urtah Gresham, 18, who is being held in city jail in lieu of payment of his fine, \$100 of which was suspended on condition of future good behavior and that he repay owners for all stolen merchandise.

Gresham, who was recently given a medical discharge from the navy, made a long statement revealing theft of some 300 gallons of gasoline and many other articles.

Chief of Police C. P. Talent said Gresham confessed to being involved with the five other

boys who have already been sentenced. Talent also stated there are two or three more suspects yet to be rounded up.

The police chief said the youths had been stealing tires and wheels from automobiles and selling them to junk dealers.

## HOME DEFENSE TROOPS VOLUNTEER FOR DUTY

Terrace, B. C., Dec. 1—(U.P.)—Some home defense troops who demonstrated against overseas conscription now are volunteering for such service. It was revealed today as conditions at this camp swiftly returned to normal after four days of anti-draft unrest.

The troops stopped their disturbances after the army's riot act was published, warning soldiers of the consequences of continued protests. Several score home defense troops were understood to have volunteered for active service rather than wait to be drafted.

# COLD WAVE HITS EASTERN STATES

By United Press

No relief from the season's first general cold wave is in sight until Sunday the federal weather forecaster at Chicago predicted today.

Sub-zero temperatures were reported throughout Nebraska, northern Minnesota and the Dakotas, while storm warnings were posted along the eastern coast from Block Island to Hatteras. In metropolitan New York 57-mile-an-hour winds disrupted railroad, ferry and air service.

The cold snap, which moved in from central Canada Wednesday, is moving rapidly eastward, the weatherman said. Cooling effects were felt as far south as

Atlanta, Ga., and Vicksburg, Miss., which reported freezing temperatures of 30 degrees.

The coldest temperatures last night were registered at Atlantic, Ia., where the mercury dropped to five below zero and Fargo, N. D., which recorded three below.

**BUY WAR BONDS!**

**In the first 18 months of U. S. participation in the war, accidents in factories, on streets and highways, in homes and on farms, killed and injured more Americans than were lost in war operations!**

## MOST ACCIDENTS CAN BE PREVENTED

In the year 1943... 97,500 persons were killed and 350,000 were permanently disabled by accidents. And the figures for 1944 will be even higher!

## MOST ACCIDENTS CAN BE PREVENTED

During the first year of the war people were more careful. They watched out at work, at home, on the streets, highways—remembered accident prevention rules. Result: a reduction in the accident rate.

## MOST ACCIDENTS CAN BE PREVENTED

But in 1943 and 1944 carelessness and other factors brought an increase in accidents. Among some of the people war always means a reckless devil-may-care attitude.

## MOST ACCIDENTS CAN BE PREVENTED

And you can save a life—perhaps your own—by taking a little more care at work, at home, on the streets and highways. You can do your share in preventing these casualties on the home front.

## MOST ACCIDENTS CAN BE PREVENTED

*Here's what you can do to Save a Life!*

TRAFFIC	INDUSTRIAL	FARM	HOME
1. Observe the speed regulations.	1. Know the hazards of your job and avoid them.	1. Always stop a machine before unclogging, oiling, or adjusting it.	1. Keep stairs well-lighted and free of obstructions.
2. Check periodically on brakes, lights and other equipment.	2. Keep machinery-protective guards in place.	2. Know how to notch and guide a tree so it will fall the way you want it to.	2. Keep chimneys, stovepipes and gas connections in good condition.
3. Obey all traffic signals, signs and markings.	3. Wear goggles, protective clothing, safety shoes.	3. Keep guns unloaded except when you are using them. But always treat a gun, loaded or not, as though it were loaded.	3. See that all electrical extension cords are well insulated.
4. Be prepared at all times to stop for unforeseen emergencies.	4. Don't try to adjust or repair moving machinery.	4. If a rowboat you're in overturns, stay with it. It will float.	4. Do not accumulate the fire-hazard of rubbish, old newspapers, etc.
5. As a pedestrian always be alert and be sure coast is clear before crossing.	5. Get first aid for even small injuries.	5. Remember, when animals cause injury, it's usually because they're frightened. Speaking calmly, especially when you approach them, helps keep them calm.	5. Keep matches, pins, needles and medicines out of children's reach.
