

NAZIS THROW IN MOTLEY TROOPS ON WEST FRONT

With Ninth Army, Germany, Dec. 4—(U.P.)—Motley units of the Volksturm—Germany's last ditch people's army—have been thrown into action on the western front with only 10 hours military training and some of them do not even know how to load their rifles, prisoners disclosed today.

The high command apparently was using them as sacrifice troops to protect the withdrawal of regular army units.

An entire reconnaissance patrol was captured at one point and found to be armed mainly

with obsolete French carbines. A few had German rifles but no ammunition for them.

Their uniforms consisted of German army trousers and blouses, Italian overcoats and miscellaneous types of boots and shoes. Orange and red arm bands lettered "Deutscher Volksturm Wehrmacht" were their only insignia.

Another group of prisoners captured from a Volksturm unit in the line said they had received only 10 hours of military training over a period of two weeks and that some of them had not learned yet how to load their rifles.

DISNEY ORDERED

San Francisco, Dec. 2—(U.P.)—The ninth circuit court of appeals late yesterday ordered the Walt Disney Productions, of Burbank, Calif., to comply with a national labor relations board order and cease alleged "discriminatory" practices discouraging its employes from joining a union.

SOCIAL SECURITY PAYROLL FREEZE VOTED BY HOUSE

Washington, Dec. 6—(U.P.)—The house, rebuffing the administration on major legislation for the first time since the election, today passed and sent to the senate a bill to freeze the social security payroll tax at its present level through 1945. The vote was 262 to 72.

Despite prospects of a presidential veto, the house decided that the old-age insurance tax should remain at its present level of 1 per cent each on employers and employees next year. Under the existing law, the tax would double January 1. Scheduled increases in the levy already have been blocked for three consecutive years.

Supporters of the bill argued that the old-age insurance trust fund was far above earlier forecasts and that no tax increase was needed at this time—at least until the ways and means committee has completed a study which it has promised to undertake next year. Opponents contended that although the tax receipts had exceeded earlier estimates there had been a corresponding increase in the liabilities of the trust fund.
