GIFTS HIGHLIGHT RED CROSS OPEN HOUSE PROGRAM

Highlight of the Red Cross open house, held yesterday in commemoration of Pearl Harbor day and to aid in the recruitment of volunteers, was the donation and packaging of more than 1100 articles destined for presentation to servicemen at sea on Christmas day as remembrances from home. The various small articles were grouped into about 200 packages and wrapped with gay paper and ribbon. These will be sent to San Francisco tomorrow after donations from outlying districts come in, and will be placed on ships which will be on the seas Christmas day.

All departments and every activity of the Jackson county Red Cross chapter and the Junior Red Cross were shown yesterday through displays, demonstrations, work groups and other means. Center of activity was the courthouse auditorium where the gifts were received and wrapped and several chapter departments had displays.

Grey Ladies Display

Grey Ladies of the Hospital and Recreation corps had a display of crafts and recreation equipment and a group of convalescent servicemen were on hand to be instructed. A hospital bed and other equipment made up the nurses aid display and a group of the aides staged demonstrations. Placards, charts and pictured information made up the first aid, accident prevention and nutrition displays and the home nursing unit display portrayed a home sick-room in miniature with a doll bed and doll patient.

Women of the surgical dressings department and of the production unit, including members of the Camp White Auxiliary production unit, made up working groups to show their Red Cross duties and hospital garments, kit bags, surgical dressings, afghans and sox were on display.

Prisons On Maps

Visitors to the home service corps room saw a permanent display which includes maps showing where prisoners of war from this county are interned, the prisoner of war food kits, invalid food kits, medicine kits and recreation kits, copies of prisoner of war bulletins, books and prison camp newspapers. The maps show that more than 50 men from this county are prisoners of various nations. The home service corps is a participating agency in the veterans service committee organized by the state selective service board.

Each corps display was marked with a figurine dressed in the uniform of that corps and with wooden barometers. These latter all indicated a marked slump in the number of volunteers available for the numerous activities of the chapter.

Gifts Transported

During the day women of the motor corps transported people and boxes of gifts, making trips from the Mark Goldy office on Main street where a loudspeaker announced the day's activities and where gifts were received.

At noon the December meeting of the Red Cross chapter board was held and a program given in conjunction.

Visitors to the Junior Red Cross in the Holly building were shown the bed tables, prisoner of war recreation kits, braille books for the blind, doll-dressing and other articles and projects which the juniors carry on.

General chairman for the open house was Mrs. Alfred S. V. Carpenter. The Christmas gift project was in charge of Mrs. S. E. Philips, chairman of the Jackson county unit of the Siskiyou Camp and Hospital committee, and Mrs. Mark Goldy. Four high school students, Verne Shangle, Jr., Bill Patton, Bill Moffat and Nat Bender assisted with the broadcasting system set up by Verl Walker.

House Of Commons Votes Confidence To MacKenzie King

Ottawa, Nov. 8—(U.P.)—The House of Commons gave Prime Minister MacKenzie King a two-to-one vote of confidence early today that carried a mandate for a "more vigorous" prosecution of the war effort, then weary from two weeks of debate on the compulsory military conscription issue recessed until January 31.

King made one of the most powerful speeches of his career in a bid to save his government.

A few minutes after he finished, the house gave him the vote of confidence. In effect, it was a vote for sending 16,000 home defense troops to the European theater of war to reinforce veteran Canadian armies.
