NAZI SUBS WITH SPECIAL SHAFTS THOUGHT AT SEA

London, Dec. 12 —(U.P.)— The News Chronicle said today that new German submarines equipped with special air shafts emerging from the water like periscopes probably already were at sea.

The "breathing" device was reported to be an extensive air shaft projecting above the surface and divided into two sections, one for air intake and the other for expulsion of exhaust gases.

The News Chronicle said it was to this device a joint statement by Prime Minister Winston Churchill and President Roosevelt referred when it mentioned new means by which the submarines stay under water longer.

The Daily Mail quoted Berlin reports through Stockholm as saying that a new combination of explosives would be used in the V-3 and V-4 weapons—the first mention of the unknown V-4, the nature of which was not explained.

JEALOUSY CAUSE OF DOUBLE TRAGEDY AT MYRTLE POINT

Myrtle Ponit, Ore., Dec. 12—(U.P.)—Eugene E. Adams, 40, shot and killed Mrs. Barbara Dahrenn, seriously wounded Ed Wasling and then committed suicide, County Coroner W. O. Campbell announced.

The shooting occurred Sunday night at the home of Mr. and Mrs. Ira L. Patridge, parents of the slain woman, Campbell related. He said the Patridges came to Myrtle Point from Roseburg 18 months ago.

The story told by the coroner was that Adams fired shots through the window of the Patridge home where Mrs. Dahrenn was watching Wasling and Patridge play cards. The first shot from the rifle killed the woman and the second shot entered Wasling's breast and he is in a hospital with slight chance for recovery.

Adams then turned the gun on himself, dying instantly, Campbell reported.

The coroner said no inquest would be held. He believed jealously was the motive.

Adams is survived by four children in custody of his two divorced wives.

Wasling has lived in Myrtle Point for many years and is a logging worker. He is married and has two children. Mrs. Dahreen is survived by her divorced husband, living near Roseburg, and a child in his custody.
