## Millions Switch To Mutton Suet Idea For Chest Colds

Quickly Relieves Children's Colds' Coughs, Loosens Phlegm

Many mothers all over America are switching to this idea of getting fast relief for these chest cold miseries. They are simply following Grandma. For years she counted on mutton suet to help carry her home medication to do its pain-easing work on nerve ends in the skin. No wonder so many more now welcome Grandma's idea as improved by science—Penetro, with its multi-medicated formula in a base containing mutton suet—that acts both as counter-irritant and pain-reliever when you spread it on, and as a soothing aromatic when breathed in. And so today Penetro hurries along newer help in the old reliable way—help that eases painful misery, lessens coughing, loosens phlegm, soothes chest rawness—so that you can rest more comfortably and give nature a chance to restore vitality. That's why millions are switching to Penetro today—why druggists are recommending it, 25c, double supply 35c. For all your family's chest cold misery, be sure you get white, easy-to-use Penetro.

## HUSBAND ENTERS MERCY PLEA FOR KILLERS OF WIFE

Albany, Ore., Jan. 3.—(U.P.)—A mercy plea from the widowed husband of a woman accidentally shot by deer hunters today gave the four nimrods their freedom after paying a fine of \$100. The four men were charged with manslaughter after Lee Mathews admitted it was his high-powered deer rifle which fired the shot killing Mrs. Charles Duncan as she washed dishes Monday night in her trailer house. He said the light in the window from a distance resembled the reflection of a spotlight in a deer's eyes.

Mathews and his companions, Arthur Andrews, Sabian Cottair and Clarence Moline, admitted to hunting deer out of season and to "spotlighting" illegal at any time. They waived their preliminary hearing and were sentenced to pay the fine and serve up to five years in prison. Dramatically, Duncan rose in the courtroom and said he concurred in their motion for parole feeling his wife would not have desired them sent to prison. Mrs. Duncan died seconds after being struck in the chest. Other slugs ripped into the trailer house but did not strike their two children, sleeping in cribs, or Duncan and a neighbor, playing checkers.
