NEW kind of ASPIRIN tablet

doesn't upset stomach

When you need quick relief from pain, do you hesitate to take aspirin because it leaves you with an upset stomach? If so this new medical discovery

Superin, is "just what the doctor ordered" for you.

Superin is aspirin plus—contains the same pure safe aspirin you have long known—but developed by doctors in a special way for those upset by aspirin in its ordinary form.

This new kind of aspirin tablet dissolves more quickly, lets the aspirin get right at the job of relieving pain, reduces the acidity of ordinary aspirin, and does not irritate or upset stomach—even after repeat doses.

Get this out to remind you to get Superin today, so you can have it on hand when headaches, colds, etc., strike. See how quickly it relieves pain—how fine you feel after taking it your drug-gest's, Joe and 398.

Gas on Stomach
Relieved in 5 minutes or double your money back. When excess stomach acid causes painful, irritating, sour stomach and heartburn, doctors usually prescribe the latest acting medicine known for relief with little or no effect. This is due to the fact that no medicine will act until it reaches the stomach. But this new medicine does so in a few minutes.
