

JACKSON COUNTY FARM NOTES

Compiled by County Office O. S. C. Extension Service

Poultry Meeting February 6
Dr. E. M. Dickinson of the Veterinary Dept. of Oregon State College will be in the county Tuesday, February 6. A meeting of poultry producers will be held in the Medford Chamber of Commerce rooms at 10:00 a. m. on that day. Poultry diseases will be discussed and all poultrymen are urged to attend.

1945 AAA Program Recently Announced
The 1945 conservation program has been recently announced and offers 41 practices of demonstrated value for conserving soil and water resources. Nearly all of the practices offered in 1944 are continued this year, with some changes in specifications and payment rates.

Every farmer or rancher taking part in the program is required to complete a farm plan form, and payment will be made for only those practices listed on the farm plan as approved by the county committee.

In addition, the written prior approval of the county committee is required for earthmoving, construction, pasture and range practices. Requests for prior approval will be made at the time of filling out the farm plan.

It is the responsibility of each cooperator to make certain that all of the conservation practices he will perform under the 1945 program are included on his farm plan, and that written prior approval is received for the practices requiring such action.

AAA Phosphate Price Fixed at \$34 Ton
The cost of AAA superphosphate distributed under the 1945 conservation materials program will be \$34 per ton, county agricultural conservation associations were notified this week by the state AAA committee.

Against this \$34 cost farmers receive a credit of \$24 a ton for applying the phosphate to legumes, grasses, permanent pastures and cover crops in orchards. The amount of phosphate that a farmer can obtain under the program is limited by his farm allowance, which is the sum of \$2 times the acres of cropland and orchard in the farm.

To assist in meeting the urgent need for increased milk production, emphasis is being placed on using AAA phosphate to boost the yield of Oregon's dairy pastures. Preference is being given to dairy counties in allocating the state's 5000-ton quota of phosphate for the first six months of 1945.

Phosphate supplies in the nation as a whole are considerably below the amount that farmers would use this year if this fertilizer were available in liberal quantities. Part of the shortage has been caused by the increased demand for sulphuric acid in the munitions industry, limiting the amount available for manufacturing superphosphate.

4-H Club Leaders Will Confer Here

SENATE PASSES \$25,000 LIQUOR PROBE MEASURE

Salem, Ore., Feb. 1.—(U.P.)—The Oregon senate passed and sent to the house Wednesday a bill to appropriate \$25,000 for expenses of the joint legislative liquor investigating committee. Vigorous debate on both sides preceded the passing of the bill by a 19 to 10 vote.

The committee was organized at the request of Gov. Earl Snell to probe the purchase of two distilleries in 1943 by the Oregon and Washington Liquor Control commissions.

Snell had asked the investigation to clear any suspicion that the deal was in any way irregular. Sen. Frederick S. Lamport, Salem, objected to the fact that the sum would be taken from liquor revenues, and charged that this would deprive many old-age pensioners of money.

Sen. Lew Wallace, Portland, countered Lamport's charge by stating that during the last year \$1,000,000 has gone to the general fund from liquor revenues, and that the old people would not be deprived.

Olympia, Wash., Feb. 1.—(U.P.)—Calling for sale of liquor by the drink in hotels, restaurants, and clubs located in incorporated cities and towns on a local option basis, Gov. Mon C. Wallgren today said in a message to both houses of the 29th Washington legislature that "we should offer our guests the same hospitality they receive in other states."

NEW STYLE U. S. POSTAL NOTES GO ON MARKET TODAY

New style postal notes which may be used in lieu of postal money orders for sums up to \$10 went on sale today in post offices throughout the country. The postal notes, Frank DeSouza, local postmaster, explained today, are available in sums from one cent to \$10 at a standard fee of five cents. He emphasized that in making out such notes, the purchaser should be sure to write in both the name and address of the payee and his own name and address accurately and legibly.

Postal notes differ from money orders in that they may be cashed at any post office rather than just the one serving the payee. They must be cashed, however, within two calendar months from the date of issue, that is to say by the corresponding date two months from date of issue.

Lost or destroyed notes, he said, will be paid upon proper proof after the date of expiration by applying to the first assistant postmaster general, division of money orders, Washington, D. C. DeSouza emphasized the necessity of retaining postal note receipts, as the receipt must be submitted by the purchaser when requesting payment for lost or destroyed notes. He also pointed out that only regular postal note stamps could be used in making out a postal note.

SKI PATROL MEET IS POSTPONED TO SUNDAY AT 2 P. M.

Meeting of Medford skiers interested in forming a Ski Patrol to aid in army rescue work will be held at Hotel Holland at 2 p. m. Sunday instead of 7:30 p. m. tonight at the Chamber of Commerce as originally planned. Arnel P. Butler, 28 N. Barneburg, announced today.

The meeting was postponed, he said, because L. B. Menab of Portland, Ore., chairman of the Pacific Northwest division of the National Ski Patrol, was Menab will be here Sunday. Butler said, and will explain the purposes and processes of organization of a patrol at that time.

The ski patrol system has been set up on a nationwide basis and is composed of civilian ski enthusiasts who volunteer for training to aid in rescue work in event of loss of army or navy planes in inaccessible regions.

Sunday's meeting will be open to all interested persons.

RURAL CARRIERS WILL AID ELKS' BOOK COLLECTION

Special effort in the Medford Elks lodge drive to collect books for men of the merchant marine, lighthouse service, coast guard and maritime training station will be made to gather volumes from the rural areas, Frank Rogers, lodge war committee chairman, announced today.

Cooperation of the rural and Star route mail carriers has been obtained through Frank DeSouza, Medford postmaster and member of the lodge, he said, and arrangements have been made for the carriers to pick up contributed volumes on their routes.

All that is necessary for rural residents who wish to donate one or more books, Rogers pointed out, is for them to leave the books at their mail box, or give them personally to a carrier. He asked that each donor write his name and address on the fly leaf of each book contributed.

COOS BAY PLANS YOUTH PROGRAMS

Coos Bay, Feb. 1.—Postwar plans for the youth of Coos Bay include further physical education programs outside of school hours, a swimming pool for this area and many hobby classes. These features were among those brought out at a meeting Tuesday night of the all-community council of Coos Bay.

Leonard Mayfield, city school superintendent, gave a detailed report on a questionnaire that had been presented to junior and senior students.

Outstanding requests for outside school activities as listed by the students were for a swimming pool, a teen-age club similar to USO set-ups, bowling clubs, stamp collectors' clubs, building of model airplanes, boat and miniature housebuilding clubs.

POINTERS ROMP OVER GOLD HILL

Central Point high school's undefeated cagers romped to another victory Tuesday night, stopping Gold Hill 82 to 23 on the Central Point floor.

The Pointers rolled up their highest score of the season, opening on the slow side in the first quarter, but picking up in the second to hold a 25 to 8 half time lead.

The Pointer second team took over in the third quarter and played most of that period, with the first string returning to the floor for the final stanza.

Pacing the Pointers was Shrier, forward, who tallied 17 times. Leading scorer for the Beavers was Milkowski with 10 counters.

In the preliminary game the Central Point reserves took a 42-21 victory from the Beaver reserves.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better
Many sufferers relieve nagging backaches quickly, come they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or steady passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
