BEND POINTS FOR WEEK-END GAMES ON TIGER FLOOR

Bend high school's hoopsters, runners-up in last year's state tournament, will arrive this afternoon for tonight's game with the Medford Black Tornadoes, the first of a two game series for the week-end.

Promising the toughest competitor of the season to date for the undefeated Medford cagers, the Bend aggregation will be pointed up for these games after losing a hard-fought contest to The Dalles, top notch northern team, last week end.

Starting lineup for Medford probably will be Larry Hayes and Jerry Ross, forwards; Darrell Riggs, center, and Bob Watson and Dick Fawcett, guards.

A preliminary game between the Medford high juniors and the Medford junior high will start at 8:45 p. m. The Bend-Tiger encounter will get under way at 8 p. m.

GRAY MASK TAKES THIRTEENTH WIN ON MEDFORD MAT

The Gray Mask took his thirteenth wrestling win in the Medford Armory last night in a strictly grudge match with Harold (Blood and Guts) Davidson.

It was a slam-bang affair from start to finish with the Mask drawing first blood with a leg strap, forcing Davidson to concede the first fall.

Referee Stops Bout

The ex-Marine returned to the fray with a series of elbow and knee blows that left the Mask groggy. A Sonnenberg and body press gave Davidson the next fall, but he was unable to maintain the pace and the referee stopped the match near the end of the fourth round with Davidson prone on the canvas from a series of head butts.

In the semi-windup, Pete Belcastro and Terrible Tony Ross went to a four round draw with each man taking a fall and Referee Earl Yokely taking about as much punishment as either contestant in his efforts to keep the bout on a reasonably clean basis—a futile endeavor.

Surprise Event

The surprise event of the evening was the Georges Dusette-Tarzan Potvin three-round preliminary, in which Dusette, a Canadian making his first appearance on the coast, gave as fine an exhibition of strong-arm tactics as has been seen in the Medford arena in many a month.

The match was Dusette all the way as the Canadian muscle man broke out of hold after hold by sheer brute strength, tossed Potvin clear across the ring repeatedly and took the one fall of the contest in the last stanza by seizing Potvin in a full Nelson and shaking him into a coma as a wolverine might shake a rabbit.

BILL SETS TRUCK LOAD PENALTIES

Salem, Ore., Feb. 2 — (U.P.) — The committee on Forestry of the House of Representatives introduced Thursday a bill which provides penalties for exceeding gross weight limits for logging trucks, on a sliding scale. The provisions are:

Up to one ton overweight, \$5.
One to two tons, 1/4 cent per pound for overweight.
Two to three tons, 1 cent per pound of overweight.
Over three tons, load may be removed.

To penalize consistent violators, the bill provides that three 2-ton violations may result in a five-day suspension for the first month's violation; and 20 days for the third month's violation. If the operator is a consistent two- or three-ton law-breaker, his license may be revoked. Both Circuit and Justice of the Peace Courts have jurisdiction under the bill's present provisions.

NAZI PUNISHMENT VIEWS ALIGNED BY GREW STATEMENT

Washington, Feb. 2 — (U.P.) — The United States made it clear today that it intends to punish Nazis who committed crimes against their own people in Germany.

Acting Secretary of State Joseph C. Grew, in the clearest statement yet issued on this government's view toward war criminals and offenses against minority groups, said the government intends to punish German leaders and their associates "for the whole broad criminal enterprise devised and executed with ruthless disregard of the very foundation of law and morality."

Grew said this would include "offenses wherever committed against the rules of war and against minority elements, Jewish and other groups, and individuals."

This view aligned the state department with the British view that Nazi crimes against German Jews and other German Nationals should be punished, but not necessarily by the machinery that punishes war criminals—those guilty of violating the rules of war.

Hopkins Advocates Strict Universal Military Training

Washington, Feb. 2 — (U.P.) — Only a "perpetual army of occupation" would be able to keep Germany and Japan from rearming eventually, Harry L. Hopkins, personal adviser and close friend of President Roosevelt, wrote today in an article in American magazine advocating a postwar program of strict universal military training.

It was not clear whether he actually was proposing such an occupation. There was quick speculation in Washington and elsewhere on this point, and on the extent to which the article may or may not represent views that Mr. Roosevelt will take into the big three conference.

The schools, which are the only college and seminary of the United Lutheran Church west of the Mississippi river, have outstanding records in several departments, Rev. Hansen said, particularly in the journalism, drama and athletic departments of the college, and the seminary in the number of prominent clergymen it has contributed to the church.

Among alumni of the college and seminary on the coast are Rev. J. L. Sawyer of Eugene, Ore., president of the Pacific Synod of the United Lutheran Church of America; Rev. Hansen also is a graduate of the seminary.

\$25,000 PROVIDED FOR INQUIRY INTO DISTILLERY DEALS

Salem, Ore., Feb. 2 — (U.P.) — The Oregon Joint Legislative Investigating committee, appointed after a request by Gov. Earl Snell, to probe the 1943 purchase of distilleries by the Oregon and Washington liquor commissions, will have \$25,000 to use in making its investigation.

This was made certain today when the House passed, with very little discussion, the senate bill appropriating the money. Only eight "no" votes were registered.

The committee is meeting today with auditors to arrange for their employment.

The Senate Judiciary committee today reported the controversial "civil rights" bill out of committee without recommendation. This means that it will not have the backing of the committee when it comes to debate Monday morning as a special order of business. The bill would make it a misdemeanor to refuse public accommodation to a person because of race, color or creed.

Discussion of the liquor appropriation centered chiefly around the use of the liquor revenues to finance the investigation.

NEED 8,000 WACS FOR MEDIC UNITS

Washington, Feb. 2 — (U.P.) — The army has launched a recruiting campaign for 8,000 WACs urgently needed to make up medical units for service in general hospitals, the War Department announced today.

Responding to an appeal from Gen. George C. Marshall, army chief of staff, the governors of the 48 states have pledged their assistance in the drive, it said. The department said 6,170 women will be needed by May 1. This goal was set up in order to have the medical units trained and functioning by mid-summer.

Josephine Miner Burns to Death

Grants Pass, Feb. 2 — Phil Starr, 75, miner and prospector residing in Josephine county around 40 years, was burned to death at 5:10 a. m., Thursday as he slept in his cabin at Radio Park auto court 18 miles from Grants Pass on North Pacific highway. Sheriff Loyd Lewis said today.

William Stoneman, occupant of the adjoining cabin, owed his life to a dog belonging to the

auto court owners, Lewis said. The dog scratched at Stoneman's door until it awakened him. Stoneman escaped but his cabin was burned to the ground.
