Calling ALL-CROP HARVESTERS

Harvest More
SEED
This Year!

Allis-Chalmers All-Crop Harvester Owners! There is an emergency need of SEED for grass and legume crops.

Every All-Crop Harvester owner can be a one-man army in this campaign. Here is the plan:

1. Harvest more high protein seed crops, especially legumes and grasses.
2. Rotate pasturing. Don't pasture too short or too late. Grow an emergency crop of some kind for feed if necessary—but give your hay crop a chance to set seed.
3. Cut hay early, when it's fine-stemmed and high in protein; then harvest the second crop for seed.
4. Have us recondition your All-Crop and attachments under the 24 point Farm-Commando plan, insuring maximum yield of bright, clean seed.

If you are not an All-Crop owner, we may be able to direct you to an owner who does custom work.

President Gulley Of Pac. College To Talk Here Today

President Emmett Gulley of Pacific college, Newberg, Ore., arrived here Saturday evening and was welcomed by a group of college alumni. Mr. Gulley will speak at 11 a. m. today at the Friends meeting in the home of Rev. Milo Ross. There will be time for questions from the floor and opportunity to speak to Mr. Gulley personally.

President Gulley, according to church spokesmen here, is well qualified to speak on the announced subject because of his Quaker background and because of his recent contacts with eastern leaders interested in conscription legislation now pending in congress.

The public is invited to attend today's meeting.
