

SPORTS

GEORGES DUSETTE, HAROLD DAVIDSON IN TOP MAT BOUT

Harold (Blood and Guts) Davidson, defeated in his last main event wrestling appearance here, will have his top rank on the block tonight when he clashes with Georges Dusette, powerful Canadian, in the six round feature bout of Mack Lillard's weekly program at Medford Armory. Dusette will be making his first main event appearance hereabouts and his no-defeat record in northwest bouts points to a bad night for Davidson.

Dusette possesses a powerful full nelson, with which he shakes opponents like a cat would a mouse, subduing them to win his matches. If Davidson can keep out of the strong man's pet maneuver and get in a few of his dirty licks, he might turn back the popular Canadian but will know he has been in a scrap before he succeeds.

Pete Belcastro, who made a lot of fans in two matches with the Gray Mask, will face Jack Klier, Vancouver flash, in the four round semi-windup. Klier's speed and general knowledge of the mat game give him an equal chance to upset the vicious Belcastro, who piles all the illegal mat tactics he can think of.

Gust Johnson, coast junior heavyweight champion, tackles tough Billy McEuin in the three round opener, which goes to the mat promptly at 8:30.

DISTRICT 5 TOGA AT STAKE FRIDAY

Rogue River's class "B" basketball team, which defeated Central Point 36 to 24 to win the Jackson-Josephine title, will meet Merrill, champions of Klamath and Lake counties, for the district five crown at the Southern Oregon College of Education gym in Ashland tomorrow night. The district toga will be decided with but one game.

Arlington, winners of district six, has agreed to come to southern Oregon for two of the three game series, which will be played in either Medford or Ashland if Rogue River wins and probably in Klamath Falls if Merrill wins. If a third game is necessary, it will be played in Arlington.

Winner of the Arlington series will represent districts five and six at the state tournament at Salem March 18, 19 and 20.

Col. Dick Hanley Signed To Coach In Pro Grid Loop

Chicago, March 1—(U.P.)—Lt. Col. Richard E. (Dick) Hanley, former head football coach at Northwestern University today became the fifth coach to be signed in the projected All-America Football conference.

Hanley, combat conditioning officer for the marine aviation corps, signed a three-year contract as head football coach and general manager of the Chicago entry in the new professional grid group yesterday, according to an announcement released here.

John L. Keeshin, trucking magnate and owner of the Chicago franchise, also announced that Capt. Ernie Nevers had been signed for three years as Hanley's assistant. Nevers, former star of pro halfback, is athletic officer at the San Diego marine base. Both coaches will begin their new jobs after the war.

WOLFE IS RE-ELECTED GIRLS' SOFTBALL HEAD

Chicago, March 1—(U.P.)—Arch Wolfe, general manager of the Chicago Cardinals football team, has been re-elected president of the National Girls Softball league.

Fred Holdsworth, commissioner, Edwin Kolaki, secretary and treasurer, Emery Farichy also were re-elected. The league is a professional circuit of teams whose players are employed in war work during the daytime and play softball at night.

AGREEMENT FOR MAJORS, MINORS IN FINAL STAGE

Chicago, March 1—(U.P.)—The revised major-minor league agreement and rules were being whipped into legal form today in preparation for submission to a major league sub-committee for approval.

The 10-man minor league revision committee completed three days of work on the two codes yesterday still determined that the majors should be more democratic in their control of organized baseball.

Towards that end, the committee made "numerous changes" in the pacts, which govern the relations between the majors and minors and the minors and their players. Although the committee made public its request that the minors be allowed an equal vote with the majors in the selection of a new commissioner, it refused to announce any other action.

Power Cut
It was learned, however, that the committee had followed the lead of the majors in removing some of the arbitrary power of the commissioner. The famed "conduct detrimental to baseball" clause, by which the commissioner could punish any club or baseball man for action he thought was injurious to the grand old game, was modified.

Under the revision, the major-minor organization as a whole can override the commissioner's action by legislative vote. The committee also eliminated the clause barring recourse to the courts from a decision by the commissioner, hiked the player draft prices and reportedly suggested more protection of minor league territory from big league invasion.

RESERVES AWAIT WILDCAT CLASH

Klamath Falls Wildcats, reserve team of Klamath Falls high school, will meet the Medford high reserves tomorrow night on the Medford court. It will be the only feature game of the season for the locals who have heretofore played preliminaries for the varsity and have been instrumental in practice sessions which built the main team up to the southern Oregon and district four championships. None of the regulars will take part in the contest.

The Medford varsity will take time off from strenuous practice to await outcome of the district three tournament, being played at Prineville Friday and Saturday between Bend, Redmond, Lakeview, Burns and Prineville. The winner of this tournament will meet Medford at a site yet to be selected for the right to enter the state tournament at Salem later this month.

Illinois Prepares For Crucial Game With Iowa Quintet

Champaign, Ill., March 1—(U.P.)—Coach Doug Mills gathered up the pieces today and tried to patch up his Illinois basketball team for its crucial finale Saturday with Iowa's league-leading Hawkeyes at Iowa City.

Only seven days ago, the Illini were in thick of the championship fight but since then they have dropped three straight games. Their latest loss was a killing 65-35 defeat at the hands of Indiana's cellar-dwelling Hoosiers last night.

If Iowa defeats Illinois Saturday it will give the Hawkeyes their first undisputed basketball championship in the history of the Big Ten while a defeat will drop them into a tie for the title with Ohio State's defending champions.

SNEAD GUNS FOR SIXTH CROWN IN FLORIDA TOURNEY

Jacksonville, Fla., March 1—(U.P.)—Sammy Snead, the "Muscle Man" from the navy who "muscled in" on a fat share of the winter golf tournament money, goes after his third first prize in a row and his sixth major victory of the season today in the \$5,000 Jacksonville open.

As usual, his top competition is expected to come from Byron Nelson, top money winner on the winter circuit, and Harold (Jug) McSpaden, who ranks third in prizes won.

Snead One Up
Snead is one up on Nelson, who has won four tournaments, but the Toledo, O., veteran has won \$14,488 in prize money to date, while Snead has collected \$12,516. Snead, Hot Springs, Va., long driving specialist, was at the peak of his game in winning the recent \$8,500 Pensacola open with a 72 hole card of 267, 21 strokes under par.

Although many of the golfers have complained, officials of the meet decided against playing winter rules despite ragged fairways, a factor which was expected to increase scores.

Snead shot a six under par 66 yesterday to lead all golfers turning in cards. Tony Penna of Dayton, O., had a 67 and Bob Hamilton of Evansville, Ind., a 68.

NYU SETS HOOP SCORING RECORD

New York, March 1—(U.P.)—The New York University basketball team provided Madison Square Garden with an all-time scoring record for a single game today, routing the supposedly powerful Temple Owls in a 85 to 54 victory last night.

The Violets, only five to seven point favorites, never gave their Philadelphia rivals a chance to get started.

Don Forman, who made 25 points, and Al Grenett with 21, faced the Violets to victory. The previous high for a Garden game was held by Fordham with an 84 to 75 victory over Rhode Island State, also a high for two teams in one game.

First Chinook Of Season Landed Is Gold Beach Report

Grants Pass, March 1—Good news to fisherman here is word of the landing of the first spring salmon at Gold Beach on Sunday. Mayor Wharton said today upon receipt of a card from Frank D. Colvin of Gold Beach.

Colvin wrote: "Just a card to let you know that the first spring salmon was landed here today. It weighed about 23 pounds. The water has been just right for fishing, but only one boat was out today. For the last two weeks the salmon have been showing as they go up the Rogue, so they should be in your area soon."

AMATEURS QUALIFY FOR GOLDEN GLOVES FINALS

Chicago, March 1—(U.P.)—Thirty-two amateur pugilists were qualified today to enter the championship finals of the annual Golden Gloves tournament March 9.

The finalists were victors in last night's bouts staged at the Chicago stadium before a crowd of 13,400 fans.

BOWLING

In City league last night Firestone took three straight games over PMT (Leaming 221-612). Henry's Drive-In won three straight from Office Boys (Hill 202-523) and Union Oil won two out of three from State Police (Eads 188-Bradley 527).

4 VETERANS MAKE BIG 10 ALL-STAR BASKETBALL TEAM

By Walter Byers
United Press Correspondent
Chicago, March 1—(U.P.)—Four veterans and a sensational newcomer make up the United Press' 1945 All-Western Conference basketball team.

Selected by the nine conference coaches, this year's all-first team is composed of two Ohio State players and one each from Iowa, Illinois and Northwestern. Walter (Junior) Kirk, Illinois' brilliant veteran who was a first team member of the United Press' 1944 all-conference team, was the only player awarded an unanimous position by the coaches this year. The only other first team repeater from a year ago is Don Grate, Ohio State's great forward.

Centers Tie
Arnold (Stilt) Risen of Ohio State at center, Max Morris, of Northwestern, at forward, and Arv Wilkinson, of Iowa, at guard, complete the team. Clayton Wilkinson, of Iowa, and Clarence Hermesen, of Minnesota, were the next best vote getters. Both received their recognition at center, and they shared the pivot position on the second team.

The first five is a veteran crew. All are two or three-year regulars with the exception of Morris, the only newcomer, and their average height is more than 6-feet, 3-inches.

The United Press' all-Big Ten basketball selections.

First Team
Don Grate, f. Ohio State; Max Morris, f. Northwestern; Arnold Risen, c. Ohio State; Walton Kirk, g. Illinois; Herb Wilkinson, g. Iowa.

Second Team
Dick Ives, f. Iowa; Paul Hoffman, f. Purdue; Clayton Wilkinson, c. Iowa; Clarence Hermesen, c. Minnesota; Paul Huston, g. Ohio State; Jack Burmaster, g. Illinois.

Honorable mention: Murray Wier, Jack Spencer, Iowa; Warren Amling, Ohio State; Howie Judson, Illinois; Charles Haag, Purdue; Ray Patterson, Bill Johnson, Des Smith, Wisconsin; John Mullaney, Michigan; Benny Schadler, Northwestern; Al Kravlovsky, Indiana.

DUCKS, BEAVERS CLASH SATURDAY

Eugene, Mar. 1—(U.P.)—University of Oregon and Oregon State Cagers will play here Saturday night with a chance that the basketball championship of the northern division of the Pacific Coast conference will be decided.

Each team has won 10 and lost five games. The winner may, however, be forced into a playoff with Washington State Cougars, provided the latter team, with nine wins and five losses, downs University of Idaho Vandals both tomorrow and Saturday night.

The northern division champion also might be entitled to a place in the NCAA regional playoffs at Kansas City by default if UCLA fails to contest the conference championship. The Southern Californians have not yet indicated whether they plan to play any more basketball this year.

JACKSON COUNTY FARM NOTES

Compiled by County Office O. S. C. Extension Service

More Waste Fat Needed Immediately

This nation is in immediate need of more waste fat from American kitchens. The total fat supplies in sight for 1945 are more than one billion pounds under 1944 production. In the face of mounting needs for war purposes, lend lease and domestic civilian uses.

Last year homemakers turned in 170 million pounds but collections in the last six months were down 25% compared with the first six months. This year 250 million pounds of salvage fats are needed.

Less meat for city people this year probably means less salvage fat from that source. That means farm and rural homes must turn in more than ever before if needs are met.

Surveys made in Oregon show that farm families have been turning in an average of 2.2 pounds of waste fat per month but 30% of the families have turned in no fats and 35% said they could turn in more.

Rural stores that handle meats have been collecting fat for central collecting agencies. If you have trouble disposing of your waste fat contact the county extension office for information.

Copper Wire Tighter For Farm Deliveries

The War Production Board's recent suspension of copper wire deliveries to retailers does not affect farmers' copper wire certificates issued by county AAA committees. These certificates represent allotments of copper wire under the controlled materials plan, and retailers may extend them to distributors and manufacturers to obtain wire.

Farm copper wire quotas for the current quarter, however, are somewhat less than quotas for previous quarters. Farm requests are considerably in excess of quotas, and it is probably that many applications cannot be acted upon until after March 31, when the next quarterly quota is due.

Dairy Payments Continued by AAA

Continuation of the dairy production payment program has been announced by the War Food Administration. The program now stands as follows: After April 1, county AAA committees will make payments to producers for production during the three months January-February-March. Rates for this payment are 70 cents a hundred for whole milk, 10 cents a pound for butterfat. The payment period closes May 31.

After July 1, payments will be made for production during the three months of April, May and June. For this payment, rates for whole milk are reduced to 35 cents a hundred pounds, but butterfat will stay at 10 cents. This payment period will close August 31.

The program after June 30 is subject to Congressional approval. If such approval is given, two more 1945 payments will be made. Proposed rates for the three months July-August-September are 45 cents a hundred for milk and 10 cents for butterfat. For the final payment, covering producing in October.

BRAKE RELINING AND VALVE JOBS

First class equipment. All work guaranteed. Also re-capping. We supply loaners while yours are being re-capped.

Davis Service Station
1258 South Riverside

November-December, the rates go up to 70 cents a hundred for milk, 16 cents a pound for butterfat.

U. S. Livestock Numbers Decline

The number of livestock on farms of the U. S. on January 1 was rather sharply below the all-time peak of a year previous, according to the livestock inventory report just released by the USDA. Declines occurred in all species of livestock but were most marked in hogs, sheep, and chickens. In terms of animal units that allow for differences in size and feed requirements, excluding poultry, numbers were 6 per cent smaller than on January 1, 1944, 2 per cent below January 1, 1943, but larger than any of the previous 20 years.

Declines from a year ago by species were: hogs, 28 per cent; all cattle and calves, 1 per cent; sheep and lambs, 7 per cent; horses, 4 per cent; mules, 3.5 per cent; chickens, 11 per cent; and turkeys, 1 per cent.

—R. G. FOWLER,
County Agent.

1945 Spray Schedule Given for Peas

Plow—Those orchards badly infested with scab last year should be plowed as shallow as possible and still cover the leaves of the new infections come from leaves on the ground.

Delayed Dormant—10 to 100 liquid lime sulphur. Scale and Blister mite control. Assists in scab control.

Early Pink—3 to 100 liquid lime sulphur (except Comice) or 12 lbs. dry lime sulphur.

On Comice use 1 1/2 lbs. Feramate per 100 gallons water. This protects the first growth and young buds from early scab infection.

Late Pink—2 to 100 liquid lime sulphur or 8 lbs. dry lime sulphur (except Comice).

On Comice use 1 1/2 lbs. feramate per 100 gallons. This gives protection during the bloom period. A very important scab spray. Sulphur controls rust mite.

Feramate is an excellent protective spray, but unlike lime sulphur, it will not burn out any infections that have already occurred. In the event of rains at about the time the late pink spray is to be applied or during its application, it would be desirable, where scab is a problem, to change to liquid lime sulphur.

See the wonderful KING FIG

The only Quality Fig, proved in this state. Hardy and a big producer. Supply limited. Do not wait. Price \$3.50 each. Get your trees from the

Boye 'O' Boye Rancho
3 Miles West Gold Hill
Pacific Highway

resided at 645 West Palm St. Medford, until a year ago when they moved to the California city.

BASKETBALL

By United Press
Army, 54; Maryland, 34.
Long Island University, 43; Oklahoma, 33.
Wayne, 34; Detroit, 31.
Indiana, 65; Illinois, 55.
New York University, 85; Temple, 54.

If a saltshaker is emptied into a bowl of soup by mistake, the cure is a grated raw potato, which neutralizes the salt flavor.

On a larger acreage, the late dormant spray could be started and as the buds advance the strength could be reduced and the spray finished in the early pink bud stage. Some growers may wish to apply a late dormant and one pink bud spray or no dormant and two pink bud sprays.

Under present pear prices, it is not good business to jeopardize a crop in order to save a spray.

—C. B. CORDY,
Assistant County Agent.

Mr. and Mrs. Gysin Buy Phoenix Ranch

Phoenix, March 1—Mr. and Mrs. Oscar Gysin recently purchased the Warner ranch from Belle E. Warner of San Jose, Calif. The ranch, one mile south of Phoenix, consists of 34 acres. The Gysins came to Medford six years ago from California, and purchased a place on the old North Pacific highway, selling it in 1942. In February of the same year they leased the Warner ranch. Mr. and Mrs. Gysin have two children, Barbara and Ralph.

A BETTER BLEND FOR BETTER DRINKS

87 times straight - I've been lucky!

87 times I've gone out — and come back.
When your score gets that high, they usually let you quit for a while.
But sometimes that isn't possible. You just have to keep on going — perhaps till your number is up.
Out here, you get to understand those things. There's no question of quitting — no matter how much you've done.
Back home, it's the same way about buying War Bonds. You feel good when you count up and realize what a high score you've got. You feel you deserve a rest, too.
But the war isn't over yet. And until it is, I'll make a bargain with you: You keep on buying, and I'll keep on fighting till the last Jap drops!

Help to put Jackson County "over the top" in "E" Bond sales for February — It's EVERYONE'S responsibility!

Buy at least one extra \$100 War Bond Today!
