

COAL OPERATORS SAY MINERS BONUS PLEA HAS MERIT

Washington, March 3.—U.P.—A spokesman for soft coal operators said tonight that the United Mine Workers' demand for a 10 cents a ton royalty "has actual merit and, as such, is worthy of consideration."

But, the spokesman added, if the royalty plan is put into effect to set up a medical care and insurance fund for miners, the operators undoubtedly will insist on handling the fund themselves.

This concession from the operators, heretofore adamantly opposed to the royalty plan, was voiced by Charles O'Neill of Altoona, Pa., president of the Central Pennsylvania Coal Operators Association and official operators' spokesman in the joint wage-hour conference now in progress.

The conference, which got under way Thursday, seeks to negotiate a new contract to replace

the present one which expires March 31.

UNIVERSAL TRAINING FAVORED BY SENATE

Salem, Ore., March 3.—U.P.—By a vote of 21 to 7, the Oregon senate Friday endorsed a memorial to congress asking legislation for universal compulsory military training for men after the age of 18 years.

Sen. Tom Mahoney, Portland, said the proposal was sponsored by the American Legion "because every boy should learn to defend himself and protect his country."

Iceland's parliament, or Althing, dates from 930, and is supposed to be the oldest in the world.
