BOYS SENTENCED FOR AUTO THEFT

Two 16-year-old Medford youths charged with car theft were sentenced by Judge H. K. Hanna to one year in the State Training school at Woodburn and paroled to Juvenile Officer Robert Elder today. Judge Hanna paroled the youths to Elder with restrictions.

They were charged with stealing an automobile belonging to

Mrs. Merl Mitchell, 21½ South Orange street Monday night and wrecking it on the Sams Valley Road after driving it around town in the evening. They also broke into a cigarette salesman's car in Medford, according to the charge.

Elder said the boys' parents were in court and Judge Hanna severely reprimanded the youths for their actions.

Pup Disappears, 2 Small Children Long For Return

Something has happened to Inky and Elaine, 7, and Barbara Falwell, 10, are two sad little girls. Inky is a three-month-old Cocker and Shepherd puppy and the little girls loved her. They don't know if somebody stole Inky or if she followed someone down the street or if she just ran away—but they wish whoever finds their dog would be kind enough to bring her back home.

PHOENIX PIE SOCIAL HIGHLY SUCCESSFUL

Phoenix, March 20—The band concert and pie supper sponsored by Phoenix P.T.A. on March 18 was highly successful, around \$140 being raised to pay for caps and capes for the school band. Of this amount, \$135 is clear. Much thanks is due A. H. Dudley for auctioning the pies. The P.T.A. is highly gratified at the manner in which the community cooperated.

The program was featured by orchestra and band numbers by the school band, under direction of Harry Meyers, and vocal selections by the high school chorus, Mrs. Mabel Sims, director.

Most versatile vehicle of the war helps in Philippines invasion

Studebaker Weasel

THIS new "Champion" in invasion warfare is the amazing Studebaker Weasel—powered by the same brilliant 6-cylinder engine that gives such outstanding operating economy to the Studebaker Champion motor car. Swiftly, stealthily, the Weasel moves forward over sand, snow, mud, swamp or solid ground. When necessary, it takes to deep water like a boat. Designed by Studebaker engineers, the Weasel is coming off the Studebaker production lines in increasing quantities. It supplements more than 55,000 Cyclone engines that Studebaker has already built for the Flying Fortress, more than 165,000 heavy-duty Studebaker military trucks.
