

**NAVY STILL ACCEPTING VOLUNTEERS AGED 17**

To clear up confusion caused by the recent Army-Navy announcement that men between the ages of 18 and 20, inclusive, would be earmarked for infantry replacements by their selec-

tive service boards for the next three months, Lt. Comdr. John F. Biehler, Navy recruiting officer in Oregon, emphasizes that the Navy still is accepting 17-year-old volunteers. "The joint service order affects only those in the 18, 19 and 20-year groups," Comdr. Biehler stated, "and therefore does not change the Navy's policy of accepting 17-year-olds and men over 37 for voluntary enlistment."

**ICE CARNIVAL IS SCHEDULED FOR ARENA APRIL 6**

An ice carnival, offering prizes for contestants, will be presented at the Medford Ice Arena Friday night, April 6 according to John Hein, manager.

First event of the program will be a masquerade with prizes of cash or script for the most original, best comic, most outstanding, best couple, best male and female skater and best skating couple. A 14-step, dancing on ice, will follow. Only those in costume will be eligible to compete for the prizes.

Races will occupy a part of the program with participants grouped in the following categories: six to nine years, nine to 12 years and 12 to 16 years. There will also be a service-men's race.

A broom ball game has been slated which is played much the same as hockey but with brooms and a football. The game is hilarious since direction the ball will take cannot be determined, Hein said.

After the program a public skating session will be held from 9:15 to 11:15 p. m. with no additional charge.

**FIRST CHINOOK SALMON CAUGHT**

Grants Pass, March 21—First chinook salmon of the 1945 season was taken from Rogue river on the north bank below Savage Rapids dam Monday afternoon. The salmon, which was caught by C. H. Odle, measured 37 inches in length and weighed 23½ pounds.

The chinook was caught on an all-nickel spinner with regulation salmon tackle, Odle said. The fish had apparently just come up stream for its color was good and its skin still taut and in good condition.

The salmon are said to be about on schedule, the first fish being caught last year on March 16. First reports of salmon in the Rogue in this area were given Sunday and fishermen thronged the river and its banks to catch the first.

**Mask Will Remove Hood If Defeated 2 Out of 3 Falls**

Promoter Mack Lillard said today that in order to get the Gray Mask to return to Medford to meet Tony Rasmussen tomorrow night he had to renew their agreement on removal of the Mask's hood. The Mask agrees to remove his headpiece if he loses two out of three falls and is beaten legitimately. He will not unmask if disqualified or if he loses a one-fall match.

An added event has been signed for the curtain raiser when Dick Boatwright of Medford and Vern Callahan, Sterling Creek, meet in three five-minute

rounds to settle their grudge differences.

Ernie Piluso will face Pete Belcastro in the semi-windup and Georges Dusette clashes with Billy McEuin in the opener. The card begins at 8:30.

Coach Al Simpson said his Medford Black Tornado did themselves right proud in the state basketball tournament at Salem when they came out third best. He placed the blame for the 41 to 40 debacle at the hands of Oregon City on no one, except maybe that Medford missed 13 free throws in that game. But Oregon City missed 11.

Up-state papers criticized Simpson for using his second stringers in all three tournament games when opponents in each case closed in on Medford's lead. Simpson pointed out that opponents also use reserves; and said his boys were tired of the fast pace and needed some rest. He said he would do the same thing over again under the same conditions.

Medford was definitely on the spot throughout the tourney. They took the only unbeaten "A" record into the meet, having won 25 consecutive games. The Medford mentor said his club played in some tough luck against Oregon City with several nice shots swinging out of the rim.

Some of the larger cities, such as Portland and Eugene, just can't seem to stand to see Medford have a good team. They don't like to see this little southern Oregon team run up a record and seemed to bubble over with glee when Oregon City eliminated the Tornado from first place play.

Out of some 80 class "A" schools in the state Medford proved herself to be third best which can't be passed off lightly. It is our opinion that Medford has nothing to be ashamed of in the record set by the Tornado team this year and should be proud of every one of the boys who played on the squad.

There is no use now in feeling sorry that Medford didn't bring home the first place trophy. Let's forget the whole thing and point

Poor Digestion?  YES  NO  
Headachy?   
Sour or Upset?   
Tired-Listless?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly. Each day Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable. Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better. Don't depend on artificial aids to counteract indigestion when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

**Ex-Local Resident Works On Plan For Kerosene Using Car**

Wesley A. Brown, former Medford high school student and orderly at Community Hospital now working at a shipyard near Long Beach, is studying with Plastic Industries Technical Institute and has completed his basic training with high grades according to a letter to his parents, Mr. and Mrs. Joe L. Brown, 315 Ashland avenue. Brown has been with the shipyard since 1942.

Brown wrote that he planned to be a plastic engineer and is now interested in promotion of a low cost post-war car which would run on stove oil. The young man wrote that he had purchased specifications for one of the engines, known as the Perrymobile, and intended to

start assembling the parts in the pipe installations in destroyer escort ships.

Brown stated that he was working on a new assignment at the yard having to do with

T'es le bienvenu, vieux frère... Have a Coke  
(GREETINGS, OLD MAN)

...a way to show friendship to a French sailor

A visiting French sailor may not know English, but he is quick to know friendliness when he sees it. And he always sees it the minute someone says *Have a Coke*. It's an invitation that speaks all languages. There's the good old home-town American spirit behind it... the same as when you serve Coke at home. Coca-Cola stands for the pause that refreshes,—has become a bond of sympathy between kindly-minded folks.
