COMMUNITY LAW REPEALER SIGNED

Salem, Ore., March 21—(U.P.)—Senate Bill 1, first introduced in the Oregon 1945 legislative session, was signed by Gov. Earl Snell today. It is the bill which repeals the 1943 Community Property Law.

The law was recently declared invalid by a U. S. Supreme Court decision on the similar Oklahoma law.

Two other bills relating to community property, allowing those who filed income taxes under the old law to get out from its provisions without penalties, and saving them from provisions of Oregon's gift tax law, are still pending.

Two in a series of liquor control commission bills were signed today. Senate Bills 144 and 145, they caused one of the biggest fights of the session in the House.

The bills define property to be declared a common nuisance in drinking establishments operating in violation of law, and give more teeth to the commission's regulatory powers.

'Unconditional' Surrender Said Prolonging War

Washington, March 21—(U.P.)—Rep. Howard Buffett, R., Neb., today called on President Roosevelt to announce proposed peace terms for Germany and Japan with a view to shortening the war.

Buffett told the House that the "swashbuckling, unconditional surrender," had given the enemies a propaganda weapon to keep their peoples fighting to the last, prolonging the war at a high cost in American lives.

"Until the terms are dictated, there seems to be no possible ground on which a body of opinion can be built up in enemy countries to effectively work for peace," he said.

"A short time ago, on the floor of this house, the president practically acknowledged that the terms of 'conditional surrender' were being effectively used by our enemies to prolong the war."

Richard and William were in dangerous condition but physicians said the others had good chances of recovery.
