O. H. Bengtson, Jackson county representative to the state legislature, Mrs. Larry Schade of the Schade jewelry store and Harry Chipman, Mail Tribune sports editor have been selected to judge the ice carnival at the Medford Ice Arena tonight.

The show is scheduled to begin at 7:45 p.m. with a masquerade. Prizes of cash or script will be given to the most original, best comic, most outstanding, best couple, best male and female skater and best skating couple. Only those in costume will be eligible for prizes. A 14-step, dancing on ice, by Medford high school students, is also on the program.

Races will make up a part of the program, with entrants grouped according to age. There also will be a servicemen's race. A broom ball game played under hockey rules but with a football and brooms will round out the show.

A public skating session, after the show, will be held from 8:15 to 11:15. No extra charge will be made for this.

RAMSEY CANYON ROAD TO BE USED

County Engineer Paul B. Rynning reports the Ramsey Canyon cut-off road to the Evans Creek valley timber will be used as a late spring and summer road for logging trucks. The trucks during the winter have been using the roads through the army artillery range in the Beagle district.

The government, Rynning says, did not gravel surface the road as planned, and gave no reason for not doing so. The work was to be done share and share alike by timber interests, the federal road bureau, and Jackson county. The reason was to divert traffic from the artillery ranges and to provide a short cut to local mills. The road was not regarded as strong enough to stand up under the heavy traffic in the winter season.

The government along with the Timber Products Co., are large holders of Evans valley timber.
