

ROSEBURG YOUTH MASQUERADES AS VETERAN SOLDIER

Donald Earl Carter, alias Tucker, 13-year-old Roseburg boy, is being held in Medford today charged with impersonating a soldier. According to Camp White public relations officer, Carter had been visiting his grandparents and uncle in Canyonville, south of Roseburg. The uncle, a veteran of overseas service, was there on furlough. Carter took his uncle's uniform, complete with six overseas stripes and campaign ribbons, and hitch-hiked to Medford, according to his story told to Capt. Leopold E. Fritze, Camp White provost marshal.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 quarts a day. When a disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with stinging and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

The youth arrived in Medford the night of April 24 and went to the USO where he got something to eat, later going to a hotel, his story said.

Wore No Tie
At the hotel he was seen by two army officers, one of whom was a recent graduate of a provost marshal's school and is particularly observant of uniforms. He noticed young Carter wore no necktie and questioned him. Carter said his personal belongings, including his identification tags, had been stolen. The officers were suspicious and called a military policeman who grilled Carter. The youth told them he had been shell-shocked in Corsica. A search of his person revealed four cents in cash and three checks made out to himself. He explained the checks because he might need some money.

Rushed To Hospital
He told the questioning sergeant he had a bad pain in his head and he was rushed to a hospital. Military police called Capt. Fritz who questioned the boy. After considerable questioning, he told his story to Capt. Fritz, who said he would be turned over to juvenile authorities.

State police said today young Carter is a parole violator from Roseburg and is wanted by juvenile authorities there. The state police, sheriff's office and the provost marshal are investigating possible bad checks by the youth.

REV. HARRY YOUNG KEEPS PASTORATE LUTHERAN CHURCH

The congregation of St. Peter's Lutheran church, in quarterly meeting Sunday, took grateful recognition of the decision of the Rev. Harry H. Young to retain the local pas-

Rev. H. H. Young

torate, Rev. Young, who has served the church here for 14 years, had been offered the pastorate of Immanuel Lutheran church in Albany, Ore.

Recognition of the decision took the form of a definite step to increase the church building

fund, with Mr. and Mrs. C. Schemp offering to match any amount the congregation would raise during 1945. The congregation accepted the challenge by resolving to introduce a special building fund drive for the year. Last year the congregation successfully conducted a debt liquidation campaign and, being debt free, can turn to the next necessary venture, a new church building.

Ten new members were admitted to membership in the meeting Sunday. Those admitted were Miss Dorothy Kraft, Mrs. Gretchen Meacham, Mr. and Mrs. M. E. Morse and two daughters, and Mr. and Mrs. Delbert Schreim and two daughters.

It was also resolved that the congregation give financial support to the teaching of Bible history in Medford schools, sponsored by the Medford Ministerial Association.

The good fellowship dinner given by the ladies Sunday noon was well attended and netted a nice profit for the choir's music library.

GOOD NEWS FROM THE PRODUCTION FRONT

GENERAL MOTORS REPORTS TO THE NATION

on its 1944 Production, Employment and Earnings

Production

Total deliveries of General Motors products in 1944 amounted to \$4,300,000,000. Of this volume of materials produced by General Motors with the assistance of subcontractors and suppliers, 90.2% were war products and the remainder authorized as essential to the war economy.

The actual physical volume of war products was some 15% increased by some 15% over the preceding year. The high quality of GM war production has been tested in combat on all fronts.

Employment

Employment in General Motors for 1944 reached a new high, with an average of 465,617 people employed. Payrolls rose to more than \$1,380,000,000 in 1944, average employment was 448,848; payrolls totaled \$1,322,000,000.

Earnings

In line with our wartime pricing and profit limitations on war products have been passed on to the Government as cost reductions were achieved. In 1944, only 2.8% of GM war deliveries were made on a cost-plus-fixed-fee basis. Before providing for taxes, the overall profit margin for 1944 was 8.6%. Net income per share was \$170.995,865. Net income per share of common stock was \$3.68. Dividends per share were \$3. Income taxes and excess profits taxes amounted to \$264,413,156.

GM as a Wartime Producer

The value of GM war production deliveries to the end of 1944 was 10 billion dollars. GM has produced more than 3,600 different war products—ranging from huge tanks to tiny ball bearings. Output in the U. S. from the beginning of the defense program to the end of 1944 included:

- More than—140,000,000 shells and shell casings;
- 180,000 cannon;
- 2,400,000 .30-cal. and .50-cal. machine guns;
- 180,000 carbines;
- 9,000 airplane engines;
- 245,000 complete bomber and fighter planes;
- 31,000 gyroscopes;
- 740,000 tanks, tank destroyers and armored cars;
- 3,200,000 trucks, including amphibious "Ducks";
- 11,000,000 electric motors of all sizes;
- 300,000,000 fuses;
- and a major part of all the Diesel engines produced for U. S. Army and Navy use.

Its cooperation with thousands of subcontractors and effort during 1944. Postwar plans are being made to renew peacetime relationships with thousands of suppliers and subcontractors with whom GM did business prewar. In a great many instances these concerns are among those cooperating with GM in its war production program.

Of the 104,000 GM men and women who have entered the armed forces, more than 9,000 have already come back to GM. In addition, 16,000 veterans of this war not previously employed by General Motors have been hired.

Almost 116,000 written suggestions were received by GM Divisions in 1944 under the GM plan of encouraging suggestions for facilitating production and improving working conditions. Awards of \$1,138,656 in War Bonds and Stamps were paid to employees for 28,393 suggestions in 1944.
