

JACKSON COUNTY FARM NOTES

Compiled by County Office O. S. C. Extension Service

More Pork Production at Higher Floor Price

WFA's call for the largest practical production and marketing of pork products is backed up by an increase in the hog support price of \$13 a hundredweight, Chicago basis, for good and choice butcher hogs weighing up to 270 pounds. Former support level was \$12.50.

The higher floor under the hog support price will remain in effect until Sept. 1, 1946, through the period when 1945 fall pigs will be marketed. For the same period, the OPA has guaranteed farmers that there will be no reduction in the ceiling prices for live hogs from the present levels of \$14.75 a hundredweight, Chicago basis, for butchers and \$14 for sows. WFA has asked farmers to raise 37 million fall pigs which is 18 per cent more than the number raised last fall when prospective feed supplies were considerably less favorable than this year. The need for this higher production of hogs places added emphasis on the need to meet the high feed grain goals.

European War Curbs New Farm Machines
Controlled materials allocated for farm machinery in the second quarter of 1945 have

been cut to 190,000 tons, compared to 256,000 tons used in the first quarter of 1945 and 279,000 tons in the second quarter of 1944, the War Production Board has announced. The cut will be in new farm machinery with the allotment for repair parts remaining the same. Increased military demands resulting from the fast pace of the war in Europe, WPB indicated, means no increase in allocations until after V-E day when a stepped-up farm machinery program will be a "must" as soon as materials are available. Machinery production is now 12.2 per cent behind schedule, compared with about 25 per cent last October.

Farmers Up Wage Offers For Hired Help

Farmers have raised wage

rates paid hired labor to new record highs in a effort to secure the help needed to plant 1945 war crops, the USDA reports. April 1 farm wage rates averaged 10 per cent higher than a year ago—335 per cent of the 1910-14 average at the highest point for the wage rate index in 78 years of record. The extreme geographic variation in the wage structure continued with day rates without board ranging from a low of \$2.10 in South Carolina to a high of \$7.70 in Washington State. Family labor and numbers of hired farm workers were both down about one per cent from April 1, 1944.

—R. G. FOWLER, County Agent.

4H Members To Get Army Certificates

Twenty certificates of appreciation have been received from the quartermaster general of the United States army. These certificates are to be awarded to 4H club members in Jackson county who have produced enough food to feed at least one fighter for one year.

Club members who will receive these certificates are: Med-ton Bradshaw, Lake Creek; Al-lene Owens, Valleyview; Jan Freeman, Nadine Davies, Barbara Culbertson and Clara Mae Bigham of Antelope; Beth McCurley, Richard and Robert Ryan, John Ryan and Ted Birdseye, Westside; Don Hohnert and Lois Fields of Central Point; James Higgins and Carmen Chase of Roxy Ann; Gene Wood,

William Axel and Don Nichols of Bellview; Evelyn Ferns of Fern Valley and Loree Brenne-sholtz of Table Rock.
—EARLE JOSSY, County Club Agent.

Campaign Started For New Milk Cans

Chicago, (U.P.)—A campaign has been initiated by the national cream quality program in co-operation with the dairy industry and agricultural extension workers to induce milk and cream producers to replace worn-out and unsanitary cans with new ones.

H. C. Darger, the program's co-ordinator, said unsuitable containers are responsible for lowered milk and cream grades and result in loss of enormous quantities of dairy products annually.

Thursday, April 26, 1945 MEDFORD MAIL TRIBUNE—SEVEN

England's telegraph service is government-owned and operated in post offices.
