St. Louis, 4; Cleveland, 3.
Washington, 4; Boston, 1.
Philadelphia, 7; New York, 5.

By United Press
Nelson Potter, 34-year-old right hander for the St. Louis Browns, with the score tied 3-3 in the ninth at Cleveland, hit a single which scored Len Schulte from second with the winning run. He turned in a seven-hit job to give the Browns their first victory since the season opener.

Harry Feldman of the New York Giants shut out the visiting Philadelphia Phillies, 2 to 0, on five hits and scored what proved to be the winning run in the third on Manager Mel Ott's double after he had singled.

At Washington, 40-year-old John Niggeling got a double and single to pace his team at bat in a 4 to 1 victory over the Boston Red Sox, who haven't won a game to date and have lost seven.

The Philadelphia Athletics scored all their runs in the fourth inning, wiping out a 5 to 0 deficit to upset the visiting New York Yankees, 7 to 5.

GRAY MASK WINS
MATCH ON FOUL

Tony Morelli gave the Gray Mask and Referee Earl Yoakley a thorough beating at Medford armory last night but lost the deciding fall on a foul. Morelli slammed the Mask all over the ring and took the first fall in the initial round with a body press. The Mask evened the count in the second with head butts.

Between the second and third rounds Morelli placed some tape over the knuckles of his right hand and when the round started knocked the Mask down and knocked Yoakley out of the ring. Morelli slammed the Mask to the canvas as fast as he could get to his feet and had him pinned to the mat by the time Yoakley could clear his head and get back in the ring.

Yoakley forcibly removed the tape from Morelli's hand and found a piece of metal beneath so gave the bout to the Mask on a foul.

Walter "Sneeze" Achieu took a lone fall decision over Gust Johnson in a fast and clever match. The fall came in the last round with four sonnenburgs.

Tony Ross and Harold (Blood and Guts) Davidson went to a fall piece draw in the opener.

HOW THEY STAND

	W.	L.	Pct.
New York	7	2	.778
Chicago	5	2	.714
St. Louis	3	2	.600
Boston	4	4	.500
Cincinnati	3	4	.428

Funds set aside by American families through their life insurance policy reserves have increased \$8,000,000,000 since the start of the war and now average about \$1,000 per family.

BEAVERS EXTEND
LEAGUE LEAD TO
TWO FULL TILTS

By United Press
One-run margins decided every game in the Pacific Coast league last night and the similarity was made even more striking by the fact that three of the engagements ended in 6-5 decisions.

This was the count by which San Diego defeated San Francisco, Portland humbled Oakland and Los Angeles nosed out Sacramento. In the other game, Hollywood nipped Seattle, 4 to 3.

Portland stretched its league lead to two full games by winning while second-place Seattle was bowing to Hollywood. San Diego took undisputed possession of third place by downing San Francisco.

Oakland's Acorns beat themselves at Portland, committing four errors. Roy Helsner was on the hill for the Beavers and staggered through despite an Oakland uprising in the ninth. Helsner helped his own cause with three hits in four trips.

Los Angeles and Seattle; Osborn, Phipps, Gior, Green, Merkle and Kreitner.

Hollywood..... 4 7 2
Seattle..... 3 12 1
R. Smith, Intlekofer, and Hill; Elliott, Johnson and Finley.

San Diego..... 5 17 2
San Francisco..... 5 10 1
(13 innings)
Dumler, Eaves and Ballinger; Barthelson, Miller, Ehrman, Buzolich, Seward and Sprinz.

Oakland..... 5 7 2
Portland..... 6 11 3
Strommer and Raimondi; Helsner and Adams.

Californians Win
Handball Honors

Chicago, April 27—(U.P.)—A relatively unknown California duo held the national A.A.U. doubles handball championship today after scoring an upset over Joe Platak, newly-crowned singles champion, and Bob Quinn, both of Chicago.

The west coast pair, Jack Dyer and Bert Hackney, Los Angeles, whipped the Chicago team 21-12, 8-21, 21-19, only a few hours after Platak had won his ninth singles championship from Frank Coyle, New York.

Suffrage in Argentina is extended to all males over 18, including illiterates and aliens who comply with certain conditions, only one province, San Juan, having woman suffrage.

Sport Chips
BY

Al Piche, Medford's demon fisherman, has again contributed information on likely spots where some non-rattioned food may be obtained by those hard pressed for red points.

Water conditions in Rogue river will be good for eggs in riffles and roe will be better in deep holes and eddies with sandy bottoms. Use of spinners may get results, while flies in upper reaches of all streams where waters are clearer will provide the angler with good sport.

Big Butte creek is always good if water is the right color. Any rains a day before will make the stream poor. Bait and spinners are the best lures.

Water will be in perfect condition in Little Butte creek if no rain falls before Sunday. Trout and rainbow trout are plentiful with best territory from Brownsboro to Lake creek.

In past years early results were best with worms but spinners should not be forgotten.

Bear Creek is expected to be a good stream where large trout and steelhead can be caught on worms but if the water is clear, fly fishing should be good.

The season in Fish Lake opens May 1. The road has been plowed open and chains are not needed although some drifts are higher than an automobile.

Fishing for cutthroats and catfish at Squaw lake is without exception the best, if the weather is hot and the roads dry.

Fishermen have been asked by the Keep Oregon Green association and Izaak Walton League to use precaution while using the forest streams.

Despite this week's rains the forests are susceptible to fires and all fishermen are urged to be sure their camp fires and cigarettes are extinguished before being discarded.

S. P. CONDUCTOR DIES
Ashland, April 27.—Arthur L. Carter, former Ashland resident but now living in Eugene, died April 19 at the Southern Pacific hospital in San Francisco. He had been a Southern Pacific conductor for many years.

Cleveland, April 27.—(U.P.)—Pitcher Denny Galehouse of the St. Louis Browns was the latest major league inductee into the armed services today. Galehouse, who beat the St. Louis Cardinals in the opening game of the world series last fall, was accepted for navy service yesterday.

The greater relative contribution to farm financing needs made by the life insurance companies today as compared with 25 years ago is reflected in the fact that the life companies now write nearly 20 per cent of total farm mortgages, compared with 8 per cent to 14 per cent in the years 1914 to 1918.

FIND MORE BODIES
LONG UNBURIED IN
ST. LOUIS REGION

St. Louis, Mo., April 27—(U.P.)—Mummified bodies of a negro man and a white baby were found in the cluttered ruins of a deserted building today, adding ghostly chapters to the mounting saga of unburied corpses in the St. Louis area.

The latest discoveries were reported in a story copyrighted by the St. Louis Star-Times which produced pictures by Harold Ferman, an ace photographer, to prove it.

Dead 30 Years
A third body was found earlier today in an Alton, Ill., funeral home—the body of "Deaf Bill" Lee, a Mississippi river fisherman dead over 30 years. He remained in the funeral home of John A. Hoer, "because nobody ever came to claim the body."

These brought to five the mummified corpses found in this area in a week. Others were "Maud," an unidentified woman who died nearly 50 years ago and was buried unmarked and unclaimed in Potter's field yesterday; and a 66-year-old man identified as Francis Schlatter, who also was buried by the health department.

In the latest cases, the Star-Times reported, the tip came from Edward E. Murrell, a retired undertaker.

Murrell being ill, Ferman obtained a key to the deserted building. Pushing through the cobwebs he saw the shriveled body of a 3-month-old baby girl, dead, Murrell claimed, since "about 1895," and a 35-year-old negro who died about 25 years ago.

Left By Mortician
At first, Murrell told the paper only of the negro mummy. An elderly man, he later "remembered" the second corpse also had been taken to the building "along with undertaking equipment" when he and brother went out of business two years ago.

The photographer's eyes first fell on the crude open casket bearing the baby. In a corner, partly hidden by dusty packing cases, stood the mummified body of the negro. Casket crates lined the walls of the building, and papers littered the floor.

Barbara Inskeep Is
Press Reporter At
Security Conclave

Miss Barbara Inskeep, sophomore student at Stanford university, is attending sessions of the world security conference in San Francisco as a press representative of the Stanford Daily.

Miss Inskeep has made photography a hobby and since last fall has been serving as staff photographer for both the daily newspaper and the annual published by Stanford students.

The student is a daughter of Dr. and Mrs. L. D. Inskeep, 2401 Hillcrest Road.

GOLD DREDGERS PLAN
FOR COMING OF PEACE
Gold dredge operators report they are getting ready to resume operations as soon as conditions and lifting of wartime regulations will permit.

The war production board recently relaxed priorities permitting purchase of steel for use in repair work. Most of the dredges in this county are located in the Gold Hill and Applegate districts.

Cong. Claire Engle of the northern California district recently introduced a bill in congress to raise the price of gold to \$56 per ounce. The plan is to maintain the present ratio of gold to greenbacks by raising the price of gold.

THE MM HARVESTOR FAMILY HOLDS AN UNEXCELLED RECORD
The famous HARVESTOR, first made in 1930, and sold since 1934, was the first practical light-weight, high-capacity combine for all crops with single unit construction and self-balancing cleaning shoe. The 12-foot HARVESTOR since its introduction in 1934 has been the leading seller in its class. The 8 and 6 foot HARVESTORS have also experienced practical self-outs every year—and per foot cut they have even GREATER threshing, separating and cleaning capacity than the famous 12-foot HARVESTOR. The new "69" HARVESTOR with its new straight-through design and other new and exclusive features makes a name all its own in its particular field for light draft—quiet and easy running and low cost operation.
Be sure to get a genuine MM HARVESTOR this year, but BUY early to assure prompt delivery. With MM HARVESTORS, you should save from 10c to 15c per bushel and from \$2 to \$3 an acre, using about 1/4 the man hours.
