Ye Smudge Pot
By Arthur Perry

Germany is ready to come to her oats, and bite the dust, while her master, A. Hitler, bites a table leg.

Royal and Bill Brown, of the E.P. Browns towed Wed. and both underwent a haircut.

10c Flynn painted his block the past week, and hung up his pre-war Neon sign.

Piscatorial enthusiasts enthusiastically hied to the brooks and rills Sat. for the opening of the trout catching season.

F. Luy the Antelope cow-hand is going to Frisco. The trip has nothing to do with the World Security conference, in session there.

Little girls have been manufacturing May baskets all week. Some of them look like baskets, and some like Mama's new hat.

Most of the critters, for which there are not enough red points, have left to spend the summer in the hills eating grass.

Eugene reports an outpouring of 3,000 citizens to the Sat. night wrestling bouts there. This is more than pour out for many a primary election in Lane county.

Nazi bigwigs, according to reports from Stockholm, Copenhagen, Zurich, Bern, and way points are bumping themselves off, as Berlin, their main root, totters. This is an old trick.

Valley poets this spring have produced so far no odes to Spring. Due to the war what to be a plethora, is now a paucity.

Cancer Must Be Cured
It is quite natural that Jackson county citizens should take a lively interest in the current drive for funds to be used in the nation-wide fight against cancer.

CANCER is not a new disease. It was described in the oldest known scientific documents—Egyptian papyri dated as far back as 1600 B. C., mentions it, and references are likewise found in early writings from India and in the Old Testament.

CANCER seems to be on the increase, but this may be due to the fact that it is more easily recognized today. There is no reason, however, for discouragement as the death rate CAN be cut almost in half by detection, diagnosis, surgery, radiation, and education.

ACCORDING to an enlightening article in Fortune magazine, new research foreshadows "the first original cancer-control principle since a frightened Egyptian doctor had the notion, about 3,000 years ago, of burning out cancer cells."

IT is going to take the best of scientific brains, better organized research—and millions of dollars to meet the cost. Prompt and generous response to this current appeal for funds will thus speed the conquest of cancer—and save precious lives.

THE cause is so thoroughly deserving that men like Eric Johnson, national chairman, and Dave Simpson, Oregon chairman, are setting aside other pressing demands upon their time and energy to give top priority to this cancer campaign.

CENSUS BUREAU TAKES COUNT OF FARM EMPLOYEES
A count of the number of persons, 14 years old and over, employed on farms in Jackson County is being made by enumerators of the Bureau of the Census, Department of Commerce, as one of the principal features of the 1945 Census of Agriculture now under way.

At the time of the 1940 farm census, two years before the entry of this country into World War II, there were 6,098,799 farms in the United States. Of these, 5,321,248 farms reported 9,694,168 persons working, with 5,081,858 farms reporting 7,940,727 members of the farm operators' families working on the farm, while 892,648 farms also reported employment of 1,753,441 persons as hired labor.

Truck Gardens On Saipan Give Yanks Fresh Vegetables
Washington—(AP)—The navy has hit pay dirt on Saipan and Tinian. It has begun to produce fresh fruits and vegetables to feed American fighting men there, as well as natives.
