A CURE
Many people are greatly pleased upon hearing a Latin name for their physical ailment. The same ailment may result from different primary causes. It is not the ailment that is to be treated. It is the individual patient that is to be considered. The condition that has allowed the ailment to manifest must be eradicated. Every doctor knows what ought to be done. But quite an authority has said: "Will he search out the predisposing and, it may be, the exciting cause and insist on its removal? Disease from any cause is increased by an impaired state of the nervous system, and if we would have nature seek a cure we must not only abandon its cause but abstain from every other violation of her laws, that she may be in the best possible state to war with disease."

SEWS A FINE SEAM—Dancer Joan McCracken doesn't forget correct posture when she takes off ballet slippers and indulges in her favorite hobby, sewing. Here she demonstrates correct position with light from right direction.

U-BOATS GIVEN ORDER TO CEASE

London, May 7—(UP)—Fuehrer Grand Admiral Karl Doenitz today ordered German U-boat fleet, most potent weapon left the shattered reich, to cease hostilities and return to port. The order, revealed by the German-controlled Flensburg radio, said continuation of submarine warfare was impossible from the bases that remained in German hands in Norway and France. Upwards of 400 German submarines probably were immobilized by the order. Between 200 and 300 were based in Norway and the remainder likely in the isolated French ports of Lorient, St. Nazaire and La Rochelle. Doenitz's action ended nearly six years of what probably was the most destructive sea offensive ever waged.

Local Sergeants Hold Reunion In Burma War Zone

Sgt. Roger Headlee, husband of Jane Headlee of Central Point, and S/Sgt. Jack Thompson, son of Mrs. Orin Schenck, 29 Summit avenue, recently met in Burma, according to word received here by Mrs. Headlee. Sgt. Headlee, who is an aviation engineer, discovered they were only 30 or 40 miles apart. Sgt. Headlee wrote that his outfit had been getting grease from Thompson's company for some time, but learned only recently that Thompson was one of the men who had been furnishing grease to his planes. Sgt. Headlee has been in India and Burma for 13 months, while S/Sgt. Thompson has been in Burma about two years.

THIS REMINDS ME—
"It's the Water"

It is widely recognized by scientists and master brewers that one of the most important factors in making good beer is the natural brewing properties in the water.

"It's the Water" from our subterranean wells, combined with premium quality grains and hops and the skill of Olympia's master brewers that gives such refreshing taste and rare good flavor to OLYMPIA... America's Original Light Table Beer.
