STATE OF OREGON)
) ss.
COUNTY OF JACKSON)

We, the undersigned, County Budget Committee for Jackson County, Oregon, do hereby certify that the above is a true, fair and complete estimate of the probable expenses of said County for the ensuing year and probable receipts from sources other than direct taxation upon real and personal property in its jurisdiction during the ensuing year, and an estimate of the probable unapportioned and unexpended balance in the various funds as of the last day of the fiscal year.

We further certify that the estimate of expenses of the various institutions of the County of the amount required for public enterprises, roads, bridges, etc., and all other expenses of the County as therein set out is just and based upon a careful study of the expenses of the County during the past two years, and a thorough examination of its probable needs during the year for which such estimate is made. That each and every item herein is believed to be necessary for the proper transaction of the business of the County, the protection of its property and interests and for the public welfare. That every expense estimated is in accordance with the law, and is a legitimate charge against the County.

Dated at Medford, Oregon, this 11th day of May, A. D., 1945.

BUDDY POPPIES READY MAY 25

Preliminary plans for the annual sale of "Buddy" poppies by the Veterans of Foreign Wars are bei g made in Medford by members of Crater Lake Post No. 1833, Commander Victor Robb states. The sale will be held here May 25 and 26.

President indications are that 15 million poppies will be sold throughout the nation, Commander Robb states, and if this is accomplished, this will be an all-time record for the veterans. Every cent collected through sale of the poppies will be used in the rehabiliation program for men wounded in this war as well as those who fought in previous wars, Robb emphasizes. The sale also makes possible the VFW program of assistance to veterans' dependents, including widows and orphans.

For 23 years the VFW has carried on the sales program just before Memorial Day and because of this, Commander Robb points out that the "Buddy" program has but one aim," the commander states, "to honor the dead by helping the living."

County DAV Body Urges Support of Dependency Bill

Jackson county chapter of Disabled American Veterans, in a recent telegram to Congressman Harris Ellsworth, urged his support of H. R. bill 1872, which would provide larger dependency allowances for service-disabled veterans with families. The bill is part of a legislative program sponsored by the DAV national organization.

At the present time, compensation for permanent service-incurred disability is based entirely upon the disability itself, without regard to the number of people who may be dependent upon the handicapped veteran for support.

The bill would make the present disability pension the base rate for a veteran without dependents and would give additional allowances based on the size of his family.

Under terms of the bill, a totally disabled veteran would receive dependency allowances at the rate of $25 per month for his wife, $15 for one child, $12 for the second child and $10 for each additional child or dependent parent. Veterans rated less than 100% disabled would receive proportionate allowances.

Natalie Parker To Represents College On Tour of Schools

Miss Natalie Parker, student at Reed college, has been selected as one of eight students to visit high schools and other colleges this spring in the interest of the institution. Miss Parker, junior, is enrolled in a liberal arts course.

Miss Parker and one other woman student will visit several schools between Portland and Chicago, calling on former and prospective students. Last Friday Miss Parker appeared in the annual spring play, "Spring Dance" presented at the school.

The student is a daughter of Mr. and Mrs. Carold J. Parker, 610 South Central avenue. Mrs. Parker was in Portland for the play and to spend Mother's Day with her daughter, returning to Medford this morning.

Quisling Cleans Prison's Toilets

Oslo, Norway, May 16—(U.P.)—Vidkun Quisling, the world's most famous traitor, is cleaning the toilets of Oslo's biggest prison, the United Press learned exclusively today.

The informant, one of the only six men who have seen the arch-traitor since he surrendered six days ago, said Quisling has been given the most menial tasks at the prison at Moellergaten 19.

Watching for cuts, bruises and embedded nails or glass in tire casings always paid dividends, but no tire for one wheel may end driving now, so it is more than an economy act.

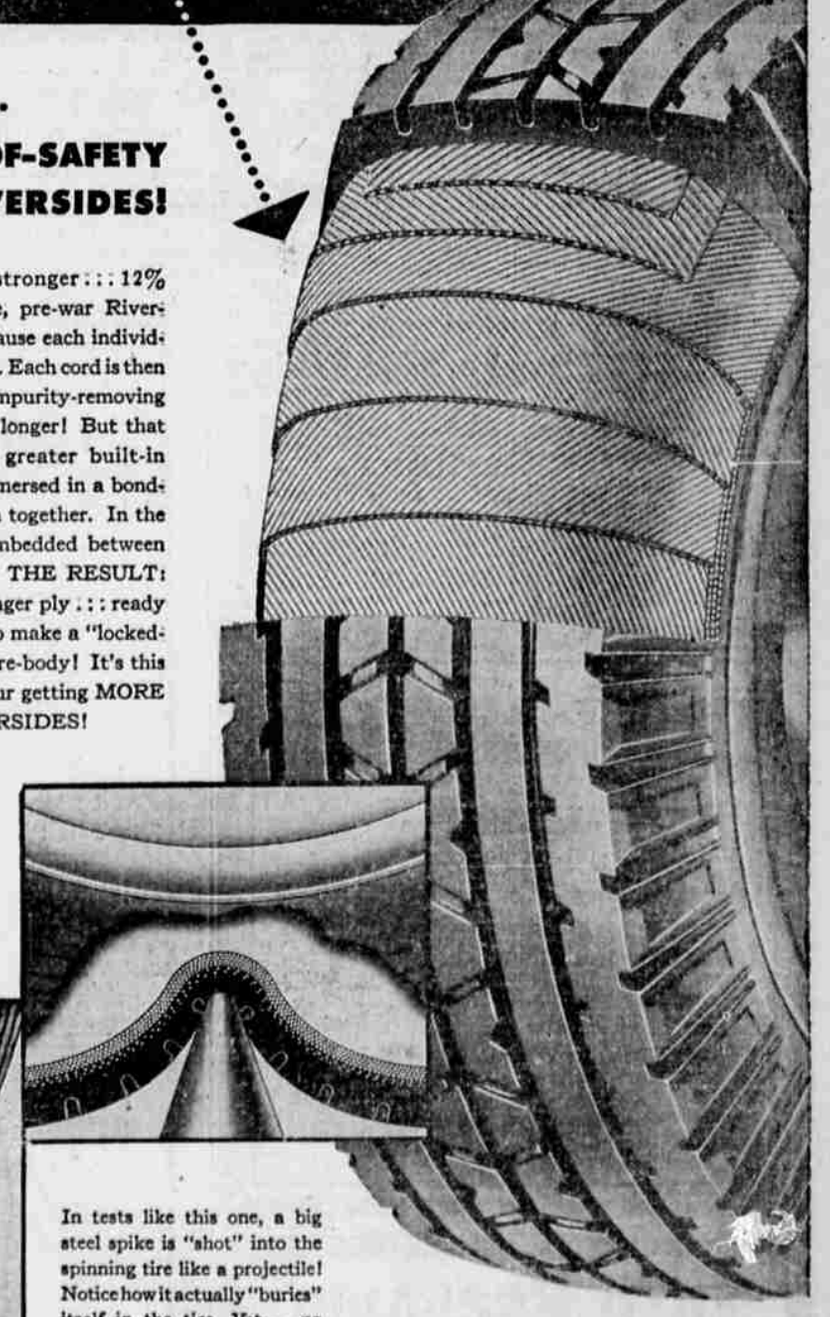
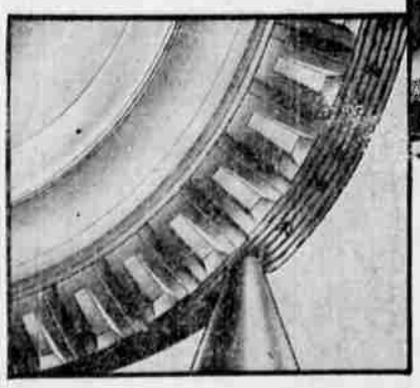
EVERY PLY OF EVERY RIVERSIDE IS
12% STRONGER!



THAT'S WHY WE SAY...
MORE MILES-OF-SAFETY ON RIVERSIDES!

Today, Riversides are even stronger . . . 12% stronger . . . than our super-safe, pre-war Riversides! Every ply is stronger because each individual *cord* is stronger to *begin* with. Each cord is then chemically strengthened in an impurity-removing bath to make it *stay stronger* longer! But that only half-explains Riversides' greater built-in strength! The cords are next immersed in a bonding solution which "welds" them together. In the final operation, the cords are imbedded between *two* layers of synthetic rubber. THE RESULT: A *Riverside* ply . . . a 12% stronger ply . . . ready to be cemented to similar plies to make a "locked-together" extra-safe Riverside tire-body! It's this built-in strength that insures your getting MORE MILES-OF-SAFETY on RIVERSIDES!

SPIKE-TEST PROVES RIVERSIDES' 12% STRONGER PLIES GIVES GREATER BLOWOUT PROTECTION!



In tests like this one, a big steel spike is "shot" into the spinning tire like a projectile! Notice how it actually "buries" itself in the tire. Yet . . . no rupture, no blowout!
