

PUBLIC INVITED TO INSPECT NEW LITRELL STORE

A public inspection of the new Littrell Parts building, located at Sixth and Bartlett streets, will be held Saturday, according to E. A. Littrell, manager.

Littrell Parts has a record of 22 years in Medford under one management, Littrell said. The firm was started in a location on Front street and moved to 315 East Main street two years later where it has been for the past 20 years. Personnel numbers 27 plus seven in the armed forces.

The new building, which was recently constructed next to the old Safeway store, which also was made a part of the new Littrell building, houses the wholesale store while the former Safeway building will be occupied by the office and machine shop where ten men are employed in motor rebuilding, metalizing, crankshaft grinding and other custom work.

There has been an intercommunication system installed and a switchboard with 14 telephones, Littrell said. Fluorescent lighting is used throughout the building, which has a glass brick front on the Bartlett street side. A hydraulic elevator operates from the first floor to the basement.

The building measures 100 by 100 feet with a basement 100 by 50 feet. There is 15,000 square feet of floor space in the store.

About 27 are employed in the local concern and 12 others are employed at branches in Yreka, Calif., and Grants Pass.

LOCOMOTIVE RECORD
An analysis of the availability of railroad locomotives discloses that a steam locomotive can be used 80 per cent of the time, a diesel-electric 90 per cent and all electric 95 per cent of the time.

A check of an automobile battery every two weeks is wise in present times, when limited driving has been harder on batteries than was the normal use of peace-time.

BOY SCOUT CAMP TO OPEN JULY 4

Camp McLoughlin, Boy Scout camp, located on the shores of Lake O'Woods, will open July 4 for its 18th year, Gordon Gilmore, scout executive for Medford, announced this week.

The camp season will include five separate periods and will remain open until August 8. The cost for one week will be \$10. All registered scouts, with their parents' and scoutmaster's approval, may attend.

In addition to the permanent camp staff, leaders will be Gilmore and Harold Ylvisaker, camp directors. The central staff consists of a registered nurse, a certified Red Cross water-ferret director, an experienced cook, and an excellent junior staff, Gilmore said.

Program for this year includes swimming and boating, hiking, riding, handicraft, any many other camp activities. The camp also provides a trading post, church, food, mail service and transportation expenses. A court of honor will be held at the closing campfire each week.

Last Tuesday evening Troop 8 gave up their meeting to gather paper. They got quite a bit but are still going after it.

When a car is stalled in deep sand, traction may be increased by letting a little air out of the tires—but don't forget to reinflate them immediately after getting out.
