**TONIGHT'S CARD**  
 George Wagner vs. Tony Morelli.  
 "Sneeze" Achleu vs. Paavo Katonen.  
 Antone Leone vs. Georges Dusette.  
 Dick Boatwright vs. Otis Mackie.

"Gorgeous" George Wagner, still smarting over his loss to Tony Morelli in a hectic melee last Thursday, will meet the former Olympic games star in a rematch as the headline attraction on Promoter Mack Lillard's Medford armory grappling card tonight. Lillard said yesterday reserved seats are selling fast for what promises to be one of the wildest matches seen here in many a moon but said several choice seats will be available at the armory ticket office tonight.

Wagner and Morelli battled all over the arena last week with Morelli emerging with a gash over his eye and Referee Earl Yoakley absorbing a thorough beating before stopping the match. In accepting the return match, Morelli told Lillard he would "go all out" to get even with Wagner.

Walter "Sneeze" Achleu, veteran Chinese mat artist, and Paavo Katonen, former coast champion, will mix in the four round semi-windup.

Antone Leone, rough-house Italian, will make his third start here in as many weeks when he collides with popular Georges Dusette, coast junior heavy-weight champion, in a three-round mix.

Dick Boatwright, Medford, and Otis Mackie, Trail logger, will square off in a three five-minute-round bout, set for one fall. It goes to the mat at 8:30 p.m. Lillard said there would be no increase in prices for the added bout.

**WESTERN RELAYS SET FOR FRESNO TRACK SATURDAY**

Fresno, Calif., May 17 — (U.P.) — Attracted by the glitter of some of the biggest names in the world of sports, more than 10,000 track and field fans are expected to flock to Ratcliff Stadium here on Saturday to witness the 19th annual West Coast Relays.

On the strength of past performances, Coach Dean Cromwell's University of Southern California Trojans were being hailed as the favorites to defend their relay's crowns. Cromwell today entered a 23-man team, which will probably be the largest single team-entry of the meet.

The Trojans will furnish one of the big names in the meet in the person of Earl Aude, shot-putting champion.

Lt. Allen Tolmich, the National AAU hurdling champion, now stationed at Portland Army Air Base, is one noted title-holder entered; and Corp. Ed Gordon, 1932 Olympic Games broad-jumping champion, is another.

Tolmich is expected to get tough competition from 17-year-old Jack Norberg, University of California's undefeated timber-topper and Lt. John Meeks, ex-University of Kentucky ace.

Another eastern college, Pennsylvania, furnishes an entry in Pvt. Leonard Delonga, javelin thrower stationed at Camp Pine-dale.

# OAKLAND SCORES 9TH INNING RUN TO BEAT SOLONS

By United Press  
 The Oakland Acons staged a garrison finish against Sacramento last night to rack up a 3-2, 10-inning victory and jump into a virtual tie for second place in the Pacific Coast League standings.

In the only other game played, the tail-end Hollywood Stars finally hopped on the San Diego Padres for a 6-3 triumph. The San Francisco-Seattle and Los Angeles-Portland games were rained out. They will play doubleheaders tonight.

Joe Wood, Jr., son of the famous Boston Red Sox twirler, had the Oaks practically beaten in the last of the ninth at Emeryville. With Sacramento ahead, 2-1, and two out, the crowd of 8,000 — which purchased almost \$5,000,000 worth of war bonds — began leaving the park.

But Catcher Billy Raimondi lined a single to left and went to second when Al McElreath kicked the ball around. Tom Hafey was nominated to pinch-hit for Pitcher Red Mann and came through with the base hit that brought Raimondi in with the tying marker.

# WALTONIANS HEAR REPORTS ON DAMS

Izaak Walton league members. In a meeting at Hotel Medford Tuesday evening, heard reports of committees actively engaged in opposition to further construction of dams in Rogue river below the mouth of Big Butte creek. Cooperation in the chapter's anti-dam fight was evidenced by correspondence from Kenneth J. Reid, national secretary at Chicago. Editorials in opposition to proposed Rogue river dams, which have appeared recently in national magazines throughout the country, were called to attention of members.

The Oregon state game commission's report of a three year survey of the Rogue river basin, released last week, was studied. It is the first survey of recreational and wild life resources ever made of the Rogue river basin area.

Outdoor motion pictures were shown after the meeting and a lunch was served. Next chapter meeting will be held the third Tuesday in June.

# American College Health Programs Said Inadequate

New York, (U.P.) — Health and physical education programs in many American junior colleges are not in conformity "with selected standards of desirable practice," Dr. Henry J. de Girolamo, a member of the hygiene department of the College of the City of New York, reports after investigating conditions in 68 such institutions throughout the country.

Dr. de Girolamo found that junior colleges are deficient in one or more aspects of health supervision of students, health service, health instruction and physical education. A fourth of the colleges inspected did not require health examination for matriculation, students; in a quarter of them the department of physical education did not assume responsibility for health examination of athletes, and in 10 per cent no health examination was required of athletes. Hospital care for all students was not provided in 5 per cent, while 30 per cent did not maintain complete health records of students.

# False Teeth That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

New York, May 17 — (U.P.) — The second month of major league play begins today after a surprising start marked by (1) failure of the St. Louis teams to bid for a repeat one-city world series as expected and (2) the threat of New York or Chicago teams to do it if the Missourians can't.

J. Monroe Johnson, the office of defense transportation boss, says the world series will be "out of the question" unless both competing teams are from the same city.

The Cards hit rock-bottom yesterday, losing two to the Braves at Boston, 5 to 4, in 14 innings and 4 to 1.

The Brooklyn Dodgers, playing as if they were in the world series already, won their 11th straight game yesterday for the longest consecutive streak under the regime of Manager Leo Durocher. They beat the visiting Pittsburgh Pirates for the third straight time, 3 to 1.

The New York Giants' version of murderers' row, Manager Mel Ott, Phil Weintraub and Ernie Lombardi hit sixth innings homers to give Pitcher Bill Voiselle support for his seventh victory without a defeat, a 6 to 0 shutout over the visiting Chicago Cubs in a night game.

Dick Barrett provided the Phils with good pitching in a 6 to 2 seven-hit victory over Cincinnati at Philadelphia.

For the third straight day, all American league games were rained out.

# Kansas Corn Husks Are Used To Make Several Articles

Lawrence, Kan. — (U.P.) — Hats, with flowers, fruits and vegetables and now hats made from Kansas corn husks!

Students at the University of Kansas and in Lawrence are using Kansas wheat straw, cat-tails, slough grass and corn husks for making handbags, belts, coasters, hot-dish pads, rugs, pottery, whisk brooms — and women's hats.

Maud Ellsworth, director of elementary school art in Lawrence, and assistant professor of art education at Kansas university, said "recently that corn husks are suited to many uses."

**MARKET NEWS** reporter for OPA Joseph Santora testifies before special Congressional committee on prices of carcasses from wholesaler to packer. Committee is investigating black markets in meat and poultry. Evidence on food scarcity will be submitted to Congress May 1.

She told of an acquaintance of hers who dyed some husks navy blue and made a hat for her spring ensemble.

One simple practice in the use of corn husks, Miss Ellsworth said, is to dampen the husks, shred them to the desired width, and make flat three-strand

braids. These are sewed together with strong thread. The husks dye well, she said, but they often do not dye because husks have a natural color variation from pale cream to brown.
